Civil Works

Read the following papers.—

No 167 From F N THOROWGOOD, Esq., C.E., Superintendent, Madras Harbour Works, to the Secretary to Government, Public Works Department, Buildings and Roads, dated Madras, 11th June 1877, No 24 W

In my letter to Government No 1 B, dated 2nd April 1877, I mentioned that I had been obliged to remove the pandals of Messrs Wilson and Co to make way for the extension of the South Indian Railway to the south breakwater

2 In the order thereon (G O, No 1,382, 23rd April) it is stated that any claim from this firm should be submitted in writing.

3 On 30th April Messrs Wilson and Co sent in their claim for Rs 602-1-0, which charge is made up in the following way —

Cost of three pandals removed from the beach at Rs 275 each	RS	A	P
	825	0	0
Deduct amount recovered by sale of materials ...	222	15	0
Total	602	1	0

4 In support of which charges the vouchers for payments made to the builders are sent to me.

5 I gave Messrs Wilson and Co as long notice as I could of the necessity of removing their pandals, but I confess that they were considerably hurried at last, as I pushed on that portion of the railway on the beach as quickly as I possibly could

6. I am informed by Messrs Wilson and Co that they received permission to erect these pandals from the Municipal Commission with power to occupy them for three months.

7 During the crowded state of the beach in February, when the railway was being laid, it became a matter of great difficulty to set out the line accurately and at the same time quickly, and I could not tell exactly for long beforehand which pandals would have to be removed

8 On 15th January I warned Messrs Wilson and Co that part of their pandals would have to come down, but I found afterwards that to carry on the work properly they must all come down entirely

9 I think that a sum equal to the cost of actually removing the sheds might fairly be allowed to Messrs Wilson and Co., but I do not see that this claim should be paid, as it appears to include the cost of erecting the sheds with which expense the Harbour Works clearly had nothing to do

No. 167-A From the same officer, dated Madras, 25th June 1877, No 27 W

In reply to your memorandum, No 1,735, dated 23rd June 1877, I have the honor to forward in original the letter and bill from Messrs Wilson and Company, in which the claim for Rupees 602-1-0 is made as compensation for the removal of their rice pandals.

2 The correspondence between Messrs. Wilson and Company and myself previous to the receipt of this bill was only in reference to which of the pandals should come down first and as to how long it would take to remove them

3 The enclosed is the only letter in which any specified claim is made

No 1,820

REFERRED to the President of the Madras Municipal Commission for his remarks with information as to date and terms of agreement with Messrs Wilson and Company

No 167-B. From J A. JONES, Esq., Executive Engineer, Municipal Commission, to the Secretary to Government, Public Works Department, dated Madras, 4th July 1877, No 455

In returning papers forwarded with your memorandum No 1,820, I have the honor to enclose copy of permits granted to Messrs Wilson and Company to erect pandals on the beach.

2 You will observe that one permit is granted for three months only from 27th November last, and the latter dated 20th January on the usual terms, which includes the rate as well as the time above noted

No 168 ORDER THEREON 13th July 1877, No 416 W.

It is observed that two permits had been issued to Messrs Wilson and Company by the Municipality for the erection of pandals on the beach, the first dated 27th November 1876 for the erection of one pandal, and the second dated 20th January for the erection of two pandals. The possession of the sites is strictly limited to a period of three months by the terms of the permits. The first permit had therefore expired before the ground was taken up for public purposes, and Messrs. Wilson and Company can have no claim to compensation for removal of the structure erected on this site.

2 Only two pandals, then, remain to be dealt with, and in regard to these His Grace the Governor in Council will not object to the cost of removal together with contents (if any) being defrayed by the Harbour Works. The Superintendent is authorized to arrange a settlement with Messrs Wilson and Company on this basis.
