Government of Madras.

Public Works DEPARTMENT.

G.O. No. *437* (W) Press
Mis.

Dated *7-2-* 18*77*.

Not to be folded or roughly handled

No. 234. Read the following endorsement of the Officiating District Engineer, Presidency, dated 6th February 1877, No. 5,718 :—

From J. N. GRAINGER, Esq., General Superintendent, Public Works Stores, &c., to Major H. M. VIBART, R.E., Officiating District Engineer, Presidency, dated 5th February 1877, No. 4,101.

I HAVE the honor to forward a statement of tools indented for and supplied to the districts for famine works up to the 31st January 1877, promised in my letter of that date to the Chief Engineer, Public Works Department, copy of which is enclosed for your information.

One Statement.

„ Copy of letter No. 1,662, dated 30th January 1877.

2. From this it will be seen that the demands are far in excess of what can be supplied from present resources, including supplies from Calcutta. I beg therefore to request that the Home Government be indented on by telegram for immediate supplies. At present all the blacksmiths in the workshops are engaged on tool manufacture, and I have therefore no means of carrying on the ordinary work of the department, which at present includes two iron girder bridges and sluice gearing for irrigation works. I trust therefore that sanction will be accorded for the immediate erection of another blacksmith's shop, similar to that just built, and the fixing of the steam hammer and boiler. The cost of this will be about Rupees 1,500, which can be met from the Rupees 30,000 provided in the Budget 1876-77 for increase to capital of the Presidency Workshops. 15000

3. The work can be commenced immediately and finished by the end of this official year, the plans and estimates being sent in afterwards.

One Statement.

SUBMITTED for the favorable consideration of Government.

(Signed) H. M. VIBART, Major, R.E.,
Offg. District Engineer, Presidency.

No. 235. ORDER THEREON, 7th February 1877, No. 437.

CIVIL WORKS, No. 15.

SANCTION is granted to the erection of the smith's shop in anticipation of the submission of plans and estimates, which should not however be long delayed.

2. Application for additional tools has been made to Bengal, the North-Western Provinces and Ceylon; and on it being definitely ascertained what number can be obtained from all these sources, the Home Government will be requested by telegram to send out the balance required to complete the estimate framed by the General Superintendent of Public Works Stores in his letter No. 1,662, dated 30th January 1877.

(True Extract.)

Colonel,
Acting Joint Secretary to Government.

The Offg District Engineer,
Presidency.

Sir,

I have the honor to forward a Statement of Tools indented for and supplied to the Districts for Famine Works up to the 31 January 1877, promised in my letter of that date to the Chief Engineer P.W.D. copy of which is enclosed for your information.

From this it will be seen that the demands are far in excess of what can be supplied from present resources including supplies from Calcutta, I beg therefore to request that the Home Govt be induced on by Telegram for immediate supplies.

At present all the Black Smiths in the Workshops are engaged on Tool manufacture and I have therefore no means of carrying on the ordinary work of the Department which at present includes two iron Girder Bridges and sluice gearing for

for Irigation Works. I trust therefore that
 sanction will be accorded for the immediate
 erection of another blacksmiths shop
 similar to that first built, and the fixing
 of the Steam Hammer and Boiler. The
 cost of this will be about Rs 1500, which
 can be met from the Rs 50,000 provided
 in the Budget 1876-77 for Increase to
 Capital of the Presidency Workshops.

The work can be commenced imme-
 diately and finished by the end of this
 official year - the plans and estimates
 being sent in afterwards.

I have &c.
 /s/ J. T. Gainger.
 Genl. Supy. P.W. Stores &c.
