Proceedings of the Madras Government, Public Works Department,
7th February 1877. *No.* 441.

Read the following papers :—

No. 242. From the District Engineer, South Arcot, dated 9th January 1877, No. 178.

No. 242-A. From Captain L. CONWAY-GORDON, R.E., Examiner of Public Works Accounts, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 16th January 1877, No. 376 W.

I HAVE the honor to state, for the information of Government, that the Snider Factory materials which, under G.O., No. 2,599, dated 5th November 1872, were brought on the Imperial stock of the Public Works Stores at a valuation of Rupees 37,600, have, under the authority conveyed in G.O., No. 1,224, dated 7th May 1874, been issued for use on the new Public Works Stores and Workshops at the Presidency, and 'Imperial stock' accordingly reduced by the value of the materials so supplied.

2. As the sum of Rupees 37,600 will now have to be debited against the estimate for the new buildings, it will be necessary to provide funds to the extent of Rupees 37,600 under Provincial to meet the charge.

3. A portion of this sum may be met from the amount available under G.O., No. 2,192, dated 21st August 1876, by which the suspense head 'Miscellaneous Advances' has been reduced to the extent of Rupees 28,740. The balance could no doubt be borne by the current year's appropriation, viz., Rupees 28,350 for the Public Works Stores and Workshops, against which the expenditure to end of November is only Rupees 1,102.

No. 242-B. From the same Officer, dated Fort St. George, 22nd January 1877, No. 384 W.

I HAVE the honor respectfully to suggest that either by transfer or by a general increase to the Public Works grant, early provision of funds be made to meet the expenditure on the Provincial Works entered in the accompanying statement, marked A, which have been undertaken under competent authority, in anticipation of an allotment of funds.

2. These works referred to are eleven in number, and the sum apparently required is about Rupees 1,00,000.

3. Funds to the extent of Rupees 40,807 are further required for the works shown in Statement B, which have been executed by the local authorities without due provision of funds.

4. I also enclose a third statement, marked C, showing existing (budget and non-budget) appropriations under Provincial, with the expenditure incurred from each up to the end of November 1876.

5. I enclose a fourth statement, marked D, showing the 'Reserves' under Provincial (Original Works and Repairs) with Government and District Engineers to end of 8th January 1877.

6. In addition to the sums shown as the unexpended appropriations to end of November 1876, and the reserves at the disposal of Government and the District Engineers, there is a sum of Rupees 28,740 available under G.O., No. 2,192, dated 21st August 1876, representing a reduction in the suspense balance under 'Miscellaneous Advances' to that extent.

7. This sum might be appropriated towards meeting in part the cost of the Snider Factory materials transferred from the Public Works Stores for the use of the new Public Works Workshops at the Presidency, with regard to which I have addressed Government in a separate communication, No. 376 W, dated 16th January 1877.

The outlay up to October on Tirumala Naick's Palace is Rupees 2,591. The District Engineer states in his reply to audit note that he has himself suggested this transfer to Government, but no orders have been received in this office on the subject.
Nellore, Southern.	Police Hospital at Nellore.	511	District Engineer, Nellore.	Funds could be provided by transfer from the appropriations for uncommenced Police Works—(*Vide* list sent to Government by office note).
Presidency ...	Erecting Public Works Stores and Workshops near the Seven Wells at Royapooram	37,600	District Engineer, Presidency.	The sum of Rupees 37,600 is the value of the Snider Factory materials supplied from the Public Works Stores (in the accounts of which they were held as Stock Imperial) to the new Public Works Workshops at the Presidency. Provision of funds will therefore have to be made under Provincial to meet the charge.

No. 242-C. From Major H. M. VIBART, R.E., Officiating District Engineer, Presidency, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 22nd January 1877, No. 5,431.

I HAVE the honor to inform you that a sum of Rupees 1,250 will be required during the current official year for the conservancy of the river Cooum, ordered in G.Os., Nos. 289 and 1,992, dated 2nd February and 3rd August 1876. I request therefore that specific provision of funds may be made from any source at the disposal of Government to enable me to adjust the charge which now appears in the Statement of Objectionable Items.

No. 242-D. From Major P. MONTGOMERIE, R.E., District Engineer, Salem, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Salem, 24th January 1877, No. 142-A.

WITH reference to your memorandum No. 60 T, dated 18th instant, I have the honor to report that the following additional grants are required to cover the expenditure already incurred in the current year :—

45 Native Constables and 4 Native Head Constables' huts near the Central Jail at Salem	...Rs. 1,215
Deputy Tahsildar's Cutcherry at Yercaud	... ,, 733

The former work has been completed, with the exception of mud compound walls, which are delayed for want of water anywhere in the vicinity, and the latter work is fully completed, with an excess of Rupees 179, which is a little over 5 per cent. on the estimate. I shall shortly submit a comparative statement, with reasons for excess, for the sanction of Government.

No. 242-E. From the Examiner of Public Works Accounts, dated 29th January 1877, No. E. 204 S.L.

No. 242-F. From Captain L. CONWAY-GORDON, R.E., Examiner of Public Works Accounts, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 24th January 1877, No. 390 W.

As directed in Government Order in the Public Works Department, No. 11, dated 5th January 1877, I have the honor to report that the amount available up to the end of October 1876, under the several suspense heads of account under Provincial, is about Rupees 50,000, but that at present it is difficult to say what sum will be available at the close of the year, as the several items making up the above sum fluctuate considerably from time to time.

No. 242-G. From the same Officer, dated Fort St. George, 29th January 1877, No. 397 W.

IN view to completing the adjustment directed in Government Order, Public Works Department, No. 54, dated 6th January 1877, I have the honor to request that you will be so good as to sanction an appropriation of funds under Provincial, Communications, to the extent of Rupees 3,705 to enable me to admit the charge that will be raised this year against that head in giving effect to the adjustment desired in the Government Order above quoted.

2. The amount may be provided from the balance of appropriation Rs. 17,300 to Budget Item No. 66, on which the outlay reported to this office up to the end of November 1876 is only Rupees 2,708.

No. 242-H. From Major J. BEATTY, R.E., Officiating Superintending Engineer, Godavery, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Dowlaishweram, 11th December 1876, No. 2,595.

I HAVE the honor to bring to your notice that I advanced the Collector the sum of Rupees 2,000 sanctioned in G.O., No. 1,512, of 19th June 1876, for payment to the ex-zemindar on account of repairs to buildings in the Ramachendrapur Fort, in anticipation of an additional assignment under the head Repairs, Civil Buildings, Provincial.

2. As this outlay still appears in the accounts without an allotment, I request you will be good enough to make a specific appropriation of funds to the above extent at your earliest convenience.
