*Proceedings of the Madras Government, Public Works Department,  
13th February 1877. No. 492.*

---

No. 340.

Read the following:—

No. 102—W.

*Indent for 100 sets Marquois' Boxwood Scales decimally divided.*

SUBMITTED to Government.

2. The introduction of a uniform system of scales for use in the Irrigation branch is very desirable, and the decimal system has recommended itself to the Code Committee who have introduced an emendation in the proof of the chapter of the new Government of India Code relating to this subject, and which they have had before them prescribing the use of such scales.

3. The undersigned begs to suggest that the General Superintendent of Stores should at once indent for a supply of Marquois' scales decimally divided, as there are none available. The estimate cost of 100 sets is Rupees 625.

FORT ST. GEORGE,  
10th February 1877.

(Signed)

A. DEC. SCOTT, Major, R.E.,  
*Dy. Chief Engr. for Irrigation,
