Not to be folded or roughly handled

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

31st July 1877, No. 505 W.

Buildings and Roads.

Civil Works.

Read the following papers:—

No. 374. From Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, to the Secretary to Government, Public Works Department, dated Madras, 9th April 1877, No. 1,565.

I HAVE the honor to forward a letter,* in original, received from the Superintendent of Police, Kistna District, and request sanction for the deviations from the sanctioned estimate of the Vellatur Police Station-house mentioned therein.

* No. 93, dated 24th March 1877.

2. The original estimate, &c., for the above building, was sanctioned for execution in 1876-77 by departmental arrangement, and an appropriation of Rupees 480 was made for the work under G.O., No. 2,693, dated 3rd November 1876, Public Works Department. The deviations referred to appear to be necessary under the circumstances reported by the Superintendent, and cause no extra cost.

From Captain W. H. HOSKINS, Superintendent of Police, Kistna District, to Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, dated Camp, Sullapilly, 24th March 1877, No. 93.

With reference to G.O., No. 458, dated 13th March 1876, sanctioning construction of a station-house at Vellatur, Bezwadah Taluq, I have the honor to request that sanction may be obtained to the following deviations from the estimate:—

- (1). Double coat of plastering for the floor is proposed instead of jelly.
- (2). In place of Napa stones, arches over doors.
- (3). Teak reapers and bamboo rafters for palmyra ones, as the latter are not procurable in the division.
2. Chunam jelly is not procurable in the vicinity of Vellatur, and there has been no time for getting it from a long distance. Napa stones for placing over the gates are not also procurable in this taluq. To get them from Jaggayyapet would cost too much. Only Rupees 3-8-0 is provided in the estimate for seven stones.
3. There will be no extra cost.

No. 374-A. From Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, to the Secretary to Government, Public Works Department, dated Madras, 2nd May 1877, No. 1,881.

With reference to the Deputy Chief Engineer's Memorandum No. 959, of the 14th ultimo, I have the honor to forward the accompanying letter No. 122, dated 26th idem, received from the Superintendent of Police, Kistna, regarding the floor of the Vellatur Station-house referred to.

2 PUBLIC WORKS DEPARTMENT, 31st JULY 1877, No. 505 W.

From Captain W. H. HOSKINS, Superintendent of Police, Kistna District, to Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, dated Camp, Striveecolum, 26th April 1877, No. 122.

With reference to your endorsement No. 1,687, dated 16th instant, on Memorandum of Deputy Chief Engineer, No. 959, dated 14th idem, I have the honor to inform you that the floor of Vellatur station consists of brick-in-mud laid perpendicular.

No. 374-B. From Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, to the Secretary to Government, Public Works Department, dated Madras, 20th July 1876, No. 3,164.

With reference to the Deputy Chief Engineer's Memorandum No. 1,350, dated 23rd May last, I have the honor to forward, for the consideration of Government, the accompanying letter,* in original, received from the Superintendent of Police, Kistna District, and request that sanction may be accorded for the deviations† from the sanctioned estimate of the Vellatur Police Station-house alluded to as a special case.

From Captain W. H. HOSKINS, Superintendent of Police, Kistna District, to Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, dated Masulipatam, 4th July 1877, No. 207.

With reference to your endorsement No. 2,314, dated 25th May last, on copy of Memorandum No. 1,350, dated 23rd idem, of Deputy Chief Engineer, Public Works Department, I have the honor to report that the Inspector, in anticipation of sanction, made the alterations in the plan of the station-house at Vellatur proposed in my letter No. 93, dated 24th March 1877. He explains that he did so as he was anxious to complete the work before the end of the official year.

2. The estimate would have been exceeded by laying down asphalt on the floor.

3. It would be expensive to procure small quantities at a time from Madras for small buildings in out-of-the-way places, owing to the extra cost of carriage. A floor of asphalt, no doubt, is best in the long run.

No. 375. ORDER THEREON, 31st July 1877, No. 505 W.

UNDER the circumstances brought to notice the deviations reported are sanctioned.

(True Extract.)

Colonel, R.E.,
Secretary to Government, P.W.D.

To the Inspector-General of Police.
" District Engineer, Kistna.
" Judicial Department.

Exd. A. Grubert.
