*Proceedings of the Madras Government, Public Works Department,
15th February 1877. No. 514.*

No. 380. Read the following letter from Major H. R. MEAD, R.E., District Engineer, South Arcot, to Lieutenant-Colonel J. MULLINS, R.E., Secretary to Government, Public Works Department, dated Camp at Cuddalore, 10th February 1877, No. 209 :—

In continuation of my letter No. 204, dated 2nd February 1877, I regret much to find I was mistaken in supposing that late Maistry Streeneyassa Moodelliar was in Government employ and doing Government duty when he lost his life. I now find it was not the case and that he has not been employed the last three months.

2. The mistake occurred in this way. I was in camp near the place, heard of the accident and saw the place where there was some work in progress; the widow came to me and I understood from her that the man was temporarily employed at the time, and I naturally thought he was so at the place where he lost his life.
