GOVERNMENT OF MADRAS,  
PUBLIC WORKS DEPARTMENT,

4th August 1877, No. 538 W.

General  
Establishment.

Read the following paper :—

No. 46. From Lieutenant-Colonel H. L. PRENDERGAST, R.E., District Engineer, North Arcot, to the Chief Engineer, Public Works Department, dated Vellore, 31st July 1877, No. 1,416.

I HAVE the honor to represent that the Vellore Range Officer states that he cannot get on without a temporary increase of establishment in the drawing department, and that although many estimates have been prepared the work of estimating in his office is still much in arrears.

2. There has been a constant call for estimates for relief works, the Revenue Department require estimates for the works they wish to carry out, for all the agricultural repair works which were commenced last year without estimates there is the necessity for sending in estimates, and there are estimates wanted to utilize the Budget funds of the current year.

3. In this district there has not been any additional assistance to the department either in the executive or office branches, and the Vellore Range Officer has had many extra demands made upon him for plans and sections for the Palar embankments, the Agrarum embankment, Saddapari channel, and in many other ways. I therefore beg to request sanction for Rupees 30 per mensem for a temporary Draftsman and Estimator; and, as the necessity arises from the additional labor caused by the works of relief, I would submit that the charge is properly debitable to the relief funds.

No. 47. ORDER THEREON, 4th August 1877, No. 538 W.

THE entertainment of a temporary Draftsman and Estimator on a salary of Rupees 30 per mensem is sanctioned. The District Engineer will report the period during which the temporary assistance will be necessary.

2. This sanction is registered as Provincial No. 5 W of 1877-78.
