Civil Works.

Read the following papers:—

No. 60. Endorsement of the Ecclesiastical Department, dated 25th July 1877, No. 1,448.

No. 60-A. From Rev. C. R. DRURY, Archdeacon of Madras, to the Chief Secretary to Government, dated Madras, 30th June 1877, No. 491.

I HAVE the honor to forward a letter from the Church Committee at Bimlipatam, dated 23rd June 1877, stating that in the storm of last October a part of the centre light of a handsome colored glass window was broken.

2. The Church Committee immediately ordered out from England, from the original maker of the window, fresh glass to restore the part which was broken. This has now arrived, and with the freight the cost amounts to Rupees 310.

3. The window originally was put up in 1868 at a cost of Rupees 900, defrayed entirely by the congregation.

4. Under these circumstances, the Church Committee ask Government to sanction payment of half the expense incurred in repairing the window, viz., Rupees 155, the congregation paying the balance. And further the Church Committee request that the Public Works Department may be instructed to put the new glass in the window without delay.

I beg to recommend the request of the Church Committee to the favorable consideration of Government.

From the Church Committee at Bimlipatam, to the Archdeacon of Madras, dated Bimlipatam, 23rd June 1877.

WE have the honor to bring the following circumstances to your notice.

2. In 1868 a handsome three light colored glass window was put up in the Bimlipatam Church at a cost of about Rupees 900, which was defrayed entirely by the congregation.

3. In the storm of last October a part of the centre light of this window was shattered; this arose from the west door giving way and the wind blowing right up the nave.

4. We immediately ordered out from the original maker glass to restore this window. This has now arrived, and the cost of it is £22, say Rupees 245. We have already expended Rupees 64-15-6 for freight, &c., the whole cost will thus be about Rupees 310.

5. Under these circumstances, as we are not putting up a new window and as in any case some expenditure on the part of Government would have been necessary for repairs, we have the honor to request through you—

- (1.) That Government will bear a moiety of the expenses incurred, viz., Rupees 155, the congregation paying the rest.
- (2.) That the Public Works Department be directed to put up the new glass in the window without delay.

TRANSFERRED to the Public Works Department, for disposal.

(Signed) D. F. CARMICHAEL,
Chief Secy. to Government.

No. 61. ORDER THEREON, 6th August 1877, No. 545 W.

THE Government are prepared to contribute such a sum as would have been spent in repairing the windows with plain glass. The Venerable the Archdeacon will report to Government in the Public Works Department what amount would have sufficed for this purpose.

2. The District Engineer, *Vazapalam* ~~Ganjam~~, will arrange for the speedy execution of the repairs.

Para 3. "The amount of the Government grant for a Protestant Church will in no case exceed such a sum as will suffice to provide a plain substantial building of sufficient size and adapted to its special purposes, and large enough to contain the whole congregation which may ordinarily be expected to attend, together with such plain furniture as is essentially necessary for the proper performance of the service, according to the ritual of the Church of England. It will rest with private individuals to furnish the means of imparting ecclesiastical features and architectural decorations
