MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No. 545	(9)	Press Mis
Dated 19-2	1827	

Not to be folded or roughly handled

No. 436. Read the following letter from Colonel C. H. DICKENS, R. A., Secretary to the Government of India, Public Works Department, Civil Works, (Irrigation,) to Lieutenant-Colonel J. MULLINS, R.E., Joint Secretary to the Government of Madras in the Public Works Department, (Irrigation Branch,) dated Fort William, 25th January 1877, No. 14-I:—

I AM directed to acknowledge receipt of your letter, No. 1,893, of 25th July 1876, forwarding estimates aggregating Rupees 9,640 for improving the Commamoor canal in connection with the Irrigation Works of the Kistna Delta, and in reply to state that, under the circumstances therein explained, the Government of India has been pleased to approve of the works being carried out from the Extraordinary Grant for Irrigation Works.

2. The effect of this sanction on the total amount allowed for the improvement and extension of the works has rendered it necessary to bring together the amount already sanctioned. The table annexed shows that, according to the records of this office, the aggregate amount sanctioned is Rupees 20,73,810, but it cannot be told what portion of this amount should be considered as going against the general sanction of Rupees 30 lakhs accorded by the Secretary of State in the despatch from Sir Charles Wood, No. 33 of 9th December 1864, and what portion should be considered as an addition to that amount. I am, therefore, to request that the facts may be investigated, and the result communicated to the Government of India.

3. The sanction herein given has been registered as No. 125 I. of 1876-77 and the original estimates and plans are herewith returned.
