GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

16th August 1877, No. 599 W.

Buildings and Roads.

Military Works.

Read the following paper:—

No. 163. Endorsement of the Chief Secretary to Government, Military Department, dated Fort St. George, 11th August 1877, No. 4,551.

From Brigadier-General H. O'CONNELL, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 8th August 1877, No. 481/5,468.

I HAVE the honor, by order, to report the following circumstances for the information of Government.

2. The Commissariat building at St. Thomas' Mount, once a private building and purchased by Government in 1861, was divided, from houses formerly in the Old Artillery Parcherry and now the property of three natives, by a wall. Some time ago this wall fell; for the security of Government property the local authorities, not knowing at the time that the wall was private property, called upon the Executive Engineer to build up the wall. The owners remonstrated against their property being interfered with and the matter was referred to the Commander-in-Chief.

3. There has been a lengthy correspondence on the subject, which has resulted in proving to His Excellency's satisfaction that the boundary wall is the private property of the three natives owning houses to the north of the Commissariat enclosure. His Excellency considers therefore that, if Government builds the wall for the protection of its own property, which is desirable, some compensation is due to the owners of the original wall. The owners are willing to accept Rupees 60.

The Officer Commanding St. Thomas' Mount recommends Rupees 40, as follows:—

	Owners ask	Officer Commanding recommends
	RS.	RS.
Therovengada Moodelly	30	20
Verasawmy Pillay	15	10
Ramasawmy Pillay	15	10
	60	40

4. His Excellency considers that Rupees 60 should be given. The sum is small and will satisfy the owners.

5. The sanction of Government is requested for this compensation to be paid in the Public Works Department and for the wall to be re-built by the Executive Engineer.

6. A plan of the locality and letters, No. 300, dated 13th July and No. 332, dated 2nd August, from the Officer Commanding St. Thomas' Mount, are enclosed; also plan and estimate (Rupees 500) and specification for re-building the wall.

2 PUBLIC WORKS DEPARTMENT, 16TH AUGUST 1877, No. 599 W.

TRANSFERRED to the Public Works Department for the consideration and orders of Government.

(Signed) D. F. CARMICHAEL,
Chief Secretary.

No. 164. ORDER THEREON, 16th August 1877, No. 599 W.

THE Government agree with the Commander-in-Chief in considering that the compensation of Rupees 60 proposed is reasonable. The Examiner will arrange for the disbursement of this sum.

9

As the earth on one side is three feet higher than it is on the other, it is proposed to give the wall a batter of 2" to the foot on the side on which the earth is low, to resist the pressure of the earth on the other side.
