Read the following papers :—

No. 541. From Major J. BEATTY, R.E., Officiating Superintending Engineer, Godavery District, to the Chief Engineer for Irrigation—(through the Examiner of Public Works Accounts)—dated Dowlaishweram, 6th February 1877, No. 3,174.

WITH reference to G.O., No. 3,234, dated 1st December 1876, wherein my proposal for the transfer of the allotment of Rupees 3,100, provided in the current year's Budget for the drainage of the village of Gollalamamidada, to the suspense balances of stock in this district, was not approved, I have the honor to bring to your notice that the Officer in charge, Eastern Delta Division, now states that the allotment cannot be spent this season, as the villagers who object to the work being carried out are chiefly those whose land would be occupied, and consequently it is probable that there will be great delay in getting that land.

2. I propose that the allotment of Rupees 3,100 now surrendered should be transferred to the "river embankment" in the Eastern Delta, and specially to the new piece of flood bank in the 2nd and 3rd miles; what is not wanted for the piece of flood bank would be applied to raising and strengthening other portions of the embankment near Dowlaishweram.

3. In my letter No. 3,083, of 30th January 1877, I proposed a transfer from the allotment for the Polaveram Island Embankment, but the Range Officer now reports that he can spend the whole sum of Rupees 7,500.

4. If you decide to recommend this transfer for sanction please telegraph.
