✓ No. 575-D. From J. O'SHAUGHNESSY, Esq., District Engineer, Nellore, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Nellore, 20th July 1876, No. 68.

In reference to paragraph 13 of G.O., dated 10th April 1876, No. 952, and paragraph 21 of G.O., dated 20th June 1876, No. 1,543, I have the honor to observe that no mention is made of the following works under the head "Convict Labor Fund" and, as the omission may be by mistake, I beg to bring it to your notice :—

						Amount of Estimate.	No. and date of sanction.	Expenditure to end of March 1876.	Amount required.
						RS.		RS.	RS.
Subsidiary jail and out-houses at Kondakur	...	...	...	...	...	10,000	G.O., No. 222, dated 8th August 1874.	6,200	3,890

2. These works were entered in the Budget Estimate forwarded from this district in September 1875, and they were, therefore, omitted from the list of incomplete works submitted in April of the current year.

3. The expenditure at the end of the past year was not in any case the same as was expected at the time the Budget estimate was submitted, and the amounts "now required" differ from the amounts applied for in the Budget Estimate of the current year.

4. I may mention that the works are in progress and that they are likely to be completed in the current year.

✓ No. 575-E. From W. LEGGATT, Esq., A.I.C.E., Officiating District Engineer, Bellary, to Lieutenant-Colonel J. MULLINS, R.E., Secretary to Government, Public Works Department, dated Camp at Somasamoodrum, 10th February 1877, No. 4,730.

WITH reference to your telegram, dated 9th instant, I have the honor to state

1 Copy of Telegram.

1 Extract from Statement of Savings and Demands.

that work on the improvements to the jail at Bellary is approaching completion, agreeably to the instructions conveyed in your telegram, dated 9th November 1876, copy enclosed for information.

*Proceedings of the Madras Government, Public Works Department,
23rd February 1877. No. 618.*

2. The balance of the estimate is Rupees 24,816; deducting out of this sum the original allotment of Rupees 15,000 provided for the work in the current official year, the amount still required for expenditure in the current year is Rupees 9,816.

3. I beg to submit for information an extract from the statement of demands forwarded to the Examiner which affords the needful particulars in detail.

REMARKS.—Work authorized to be completed—*Vide* Chief Engineer's telegram dated 9th November 1876. In the sanctioned estimate a sum of Rs. 2,986 is deducted on account of convict labor; but, as convict labor was not actually employed, this amount is also required for payment, and it has been accordingly included in the amount now applied for.

• Withdrawn, *vide* Chief Engineer's memorandum, No. 1,254, dated 19th August 1876.

No. 575-J. From Captain L. CONWAY-GORDON, R.E., Examiner of Public Works Accounts, to Lieutenant-Colonel J. MULLINS, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 9th February 1877, No. 411 W.

In continuation of my letter, No. 384-W, dated 22nd January 1877, I have the honor to state that, in addition to the sum of Rupees 769 entered in the Statement C which accompanied that letter, a further sum of Rupees 216 will be required to meet the outlay incurred in December 1876 on the Taluq Cutcherry and Subsidiary Jail at Jammalmadgoo in the Cuddapah District, and subsequent months, in all Rupees 985.

No. 575-K. From the same Officer, dated Fort St. George, 17th February 1877, No. 419 W.

ADVERTING to Government Order in the Public Works Department, No. 161, dated 18th January 1877, I have the honor to observe that the sum of Rupees 3,120

*Proceedings of the Madras Government, Public Works Department,
23rd February 1877. No. 618.*

therein referred to will be required during the current year to meet the cost of the cooking apparatus, the value of which on issue from the Public Works Stores will have to be debited to Provincial in the accounts of the District Engineer, Presidency.

2. The amount paid for the cooking apparatus having been treated in the home accounts as a final charge, "Imperial Services" will have to be credited and "Provincial" debited, on the issue of the apparatus to a provincial work.

3. It will therefore be necessary to reappropriate the sum of Rupees 3,120 for the purpose from the Reserve under Provincial.

4. I notice that the proposal of the District Engineer, Presidency, to credit this amount to the Provincial reserve did not pass through this office, so that I was unable to point this out to Government before the error was made.

Sundoor.

From W. DONALD, Esq., Officiating Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 1st February 1877, No. 753.

With reference to G.O., No. 2,289, dated 14th December 1876, Financial Department, I have the honor to inquire if the sum of Rupees 5,000, sanctioned in G.O., No. 2,032, dated 14th November 1876, Financial Department, for construction of roads in Sundoor, is to be treated as an additional grant to "Provincial—Public Works," to which head it is required to be adjusted under G.O., No. 659, dated 12th October 1876, Political Department.

THE sum in question was intended to be provided out of the Provincial grant for the Public Works Department, and not to be an addition to it.

No. 575-M. From Colonel F. J. MOBERLY, R.E., Superintending Engineer, Chingleput, to Lieutenant-Colonel J. MULLINS, R.E., Secretary to Government, Public Works Department, dated Camp at Tirukandalam, 26th January 1877, No. 3,693.

I HAVE the honor to request that a sum of Rupees 21 may be placed at my disposal under "Provincial, Civil Buildings, Repairs," to enable me to meet the cost incurred in opening out the foundations of the Taluq Cutcherry at Trivellore.

No. 575-N. From Major H. M. VIBART, R.E., Officiating District Engineer, Presidency, to Lieutenant-Colonel J. MULLINS, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 3rd February 1877, No. 5,691.

With reference to G.O., No. 206, dated 22nd January 1877, sanctioning an estimate, amounting to Rupees 5,200, for deepening and widening the Otary nullah, I have the honor to request that you will be good enough to allot funds for the execution of the work.

SIR,

With reference to the Off. Deputy
Chief Engineer's Memo. No. 1160 dated 21 October
last, I have the honor to state that the Overseer
in charge of the Teyyare Range reports the cause
of the non-utilization of the full grant made
this year for the Koraput Club Jail, to be the
difficulty of procuring workmen and materials.

I may add, that I have quite recently
received a special report on the above buildings
from Overseer Bennett. His description of
them is exceedingly unsatisfactory; and the
quality of the work executed, to them appears to
be still worse even than that already reported
to

to the Secretary to Government P.W.D. by Mr.
Nordmann, late District Engineer of Vizagapatam,
in his Letter No. 1829 dated 5th February 1876.

* Printed with G.O.
No. 454 dated 18th
February 1876.

Mr. Bennett reports, that some portion
of the walls have fallen since the late work
was last suspended on the buildings; that the
quality of both labor and materials is as bad
as it can be. that some of the foundations are
but nine inches deep, while many of the walls
already built are as much as four inches out of
the perpendicular. Under these circumstances,
it appears doubtful whether the work should
be proceeded with at all; but as I shall
start for the Patinghy Ghant and Korajut
in a few days, I shall be able to determine
this point at an early date.

I have the honor to be

 inform you that of the sum of Rs. 6500 allotted by
 Government in this official year for the Sub Jail at
 Koraput, Rs. 3500 cannot possibly be utilized and
 I therefore beg that the allotment may be reduced
 by this sum. The causes of the short expenditure
 are as follows:-

2. Mr. Supervisor Cormac who was in charge
 of the works, was transferred to Ganjam in the
 month of August 1876 and left the works, without
 having made any arrangements for the preparation
 of tiles for the next season's work. These materials

should have been ready for use indeed in 1875-76 and some correspondence has already taken place regarding the delay in their preparation. Being constructed, as they are, of brick in mud, (and the work being of execrably bad quality, vide District Engineer's letter N^o 1829 dated 5th February 1876, to the address of the Secretary to Government P.W.D.), the walls of the Sub. Jail required to be very carefully protected during the rains of 1876; and on 18th April Mr. Supervisor Cormac issued orders to Mr. Huxham, in charge of the buildings at Koraput, to protect the brickwork with thatch.

3 This order was carried out by Mr. Huxham, but in an inefficient manner. The result has been that, some portion of the walls of the Sub. Magistrates' Cutcherry, the Store room, the Guard room and of N^o 4 Ward have fallen; while the Cook room has been ruined entirely. I have given orders for the restoration of these buildings and the expense of this work will be about Rs. 750.

4. The temporary Overseer Mr. Huxham has since died and from all I can gather, he had for a long time been incapacitated by illness from carrying

carrying out his duties properly. His services should therefore have been dispensed with or he should have been subjected to more careful supervision than appears to have been the case.

5. If bricks and tiles were now available for pushing on with the work, the present year's allotment might have been probably spent; but under the conditions in which I have found the works, I have directed the present Superintendent in charge of the buildings at Koraput, to confine his attention to the covering in of three wards, to the rebuilding of the ruined masonry I have specified and to the completion of the Agents' bungalow, before the end of the present official year.

6. It will be somewhat difficult even to get so much properly completed; but I hope by exertions to accomplish it.

With reference to para. 2 of G.O. dated
11th January 1877 No. 94, I have already reported
in my letter No. 2164 dated 31st January 1877,
to the address of the Chief Engineer, the state of
the buildings at Koraput.

Before leaving that place on 20th
January, work people were in course of col-
lection for the manufacture of such tiles as
are required for the covering in of the three
wards of the Sub Jail, which have at present
a temporary roof of thatch. Work people were
also in course of collection for the manufacture
of bricks required for the Police Powder Magazine
and for the re-erection of the walls of those
buildings

buildings, which in the above named letter, I reported as having fallen during the last monsoon.

3. As some timber logs have now been procured, the Overseer in charge of the works will also prepare, such wood work for roofing as the number of carpenters, he can procure, will allow of his doing.

4. I have directed the Overseer to confine his attention to the above work on the Sub Jail and Powder Magazine, in order that he may complete the Agents bungalow, by the end of the Official year. To this building, a good deal of plastering and flooring remain to be done, as well as the whole of the painting, besides the fixing of ceiling cloths and the provision of matting. The paint and cloth will be sent to Moraput and I therefore hope the Overseer now in charge will fully carry out the detailed written instructions I have left with him, to complete operations on this building.

By

41
by the 31st March 1877.

5. The past slow progress of the works at Moraput has been due to their having been placed in charge of a Superintendent whose health was broken down and who died in December last. The Superintendent Pensioned Sub Engineer Hudson, whom I have now appointed, will I think, from my previous experience both of his faults and his good points, conduct affairs to the satisfaction of Government.

To
The Director General
of Telegraphs in India.

Sir,
Of the Budget grant
of Rs. 5500 for repairs
to Telegraph Buildings
in 1876-77 there remains
to date an unappropriated
balance of Rs. 1004.
And there being
very little likelihood
of this balance being
utilized in the current
official year, I am
desirous to request
your permission
