*Proceedings of the Madras Government, Public Works Department,
23rd February 1877. No. 621.*

No. 581. Read the following endorsement of the Consulting Engineer for Railways, dated Madras, 13th February 1877, No. 101, on Indent from the Agent of the South Indian Railway, dated 27th January 1877, No. 133 :—

SUBMITTED to Government.

Sanction is solicited to Indent No. 133, dated 27th January 1877, for felt hair and Dudgeon's tube expanders, the approximate cost being Rupees 690.

In forwarding the indent the Agent writes as follows :—

"The Locomotive Superintendent reports the felt is required for making lubricators for axle-boxes. He has three descriptions of lubricators in use in the rolling stock besides engine lubricators, and he finds those made in the Company's Workshops answer better than any others.

"The tube expanders made here have been of the old pattern, and they are constantly getting out of order; Mr. Sheward, therefore, desires to get some of the latest pattern from England."

(Signed) W. H. COAKER, Captain, R.E.,
for Consng. Engr. for Railways.

RAILWAY, No. 47.

SIR,—I am directed to forward an indent to the extent of Rupees 690 on the South Indian Board of Directors for felt hair and tube expanders; and, under the explanation of the necessity for the articles given by the Consulting Engineer recorded in the accompanying Proceedings, G.O., No. 621, dated 23rd February, to request that the Government of India will authorize the transmission of the indent to England.

I have the honor to be,

Sir,

Your most obedient servant,

Lieut.-Colonel, R.E.,
Joint Secretary to Government.
