*Proceedings of the Madras Government, Public Works Department,
27th February 1877. No. 660.*

No. 657.

Read the following:—

Telegram from the Consulting Engineer for Railways, Bombay, dated 20th February 1877.

SUBMITTED for orders.

The movement of grain at Raichore has been as follows during the last seven days:—

Date.						Number of through booked wagons despatched southwards from Raichore.	Number of through booked wagons remaining in yard at 6 A.M. on following day.
12th	...	...	...	...	...	119	74
13th	...	...	...	...	...	95	79
14th	...	...	...	...	...	114	83
15th	...	...	...	...	...	73	75
16th	...	...	...	...	...	112	52
17th	...	...	...	...	...	106	63
18th	...	...	...	...	...	109	89

2. The average number of wagons moved southwards daily has been 104. It is understood that the station-yard is generally empty, or nearly so, at 6 P.M.; the wagons shown in the last column of the above statement being received during the night.

3. From the accompanying telegram received from the Consulting Engineer to the Bombay Government, it would appear that the present carrying power of the Madras Railway at Raichore is able to deal with the whole grain traffic brought by the Great Indian Peninsula Railway.
