G.O. No.	673	(W)	Press Mis.
Dated	28-2-	1877.	

Not to be folded or roughly handled

No. 683. Read the following Circular of the Government of India, Public Works Department, (Account—General,) dated Fort William, 14th December 1876, No. 87 :—

Pattern Form of Imperial Public Works Budget Estimate for Buildings and Roads in Provinces to which the Provincial Service arrangements apply.

Read again the following papers :—

Chapter XVI, Section 1 of the P.W. Code.

Do.	do.	No. 74 of 1876.
Do.	do.	„ 76 of „
Do.	do.	„ 83 of „

RESOLUTION.—The recent orders on the subject of the classification of the grants and outlay on Public Works render it necessary that revised forms of Public Works Budget Estimates for Buildings and Roads should be published. The accompanying pattern form of Budget Estimate has therefore been prepared for use in the Provinces

• Madras, Bombay, Bengal, North-Western Provinces, Punjab, Central Provinces, British Burmah, Oudh and Assam.

to which the Provincial Service arrangements apply, and the Government of India request that it may be brought into use in those Provinces * commencing with the

Budget Estimates for 1877-78 which should be submitted in the form now prescribed.

2. The form of Budget Estimate for Imperial Buildings and Roads in the Provinces mentioned will now consist of the following documents :—

I.—*Budget Estimate of Imperial Revenue.*—In the old form this estimate formed Appendix A of the Budget Estimate. It is considered preferable that the estimate of revenue should, as is the case in the estimates of other Departments form the opening series of documents constituting the Budget Estimate.

II.—*Budget Estimate of expenditure.*—This estimate formed Part I of the old series of Budget Estimates.

In both these Budget Estimates an additional column has been added for the figures of the Regular Estimate of the year current. By this arrangement the submission of a separate Regular Estimate on the 15th December is rendered unnecessary, and Chapter XVI, Section I, paragraph 39 A of the Code is therefore cancelled.

III.—*Part I of the Budget Estimate, being detail of the estimate for Original Works.*

The entries in this part of the Budget Estimate are to be brought forward according to the heads of the classification laid down in the orders quoted in the margin, and in cases where several works go to make up a project, the entries of the works are to be so arranged as to bring out distinctly the project to which they relate. The actual expenditure to the end of the previous year is also required to be shown separately from the probable expenditure of the year current.

IV.—Part II of the Budget Estimate being detail of the estimate for repairs.

The entries in the Budget Estimate are to be so arranged as to show distinctly the grants required for each class of buildings at each station, the provision for quadrennial repairs being shown distinct from that for annual, special and minor repairs. On this point attention is invited to paragraphs 20 to 22 of Public Works Department Circular, No. 76 of 1876.

V.—Part III of the Budget Estimate showing the manner in which the provision for Establishment is made up. In the Provinces in which the form of Budget Estimate is to be introduced, the whole of the Establishments of the Buildings and Roads Branch are considered Provincial, Imperial Funds paying a certain percentage of the grant for Imperial Works and Repairs as its share of the Establishment charges. The details of the Establishment charges should therefore appear in the Provincial Service Budget Estimate, while in the Imperial Budget Estimate it will suffice to show the calculation on which the charge to Imperial Funds for Establishment is arrived at.

VI.—Part IV of the Budget Estimate showing the manner in which the provision for Tools and Plant is made up. The remarks in the preceding paragraph are also applicable to this part of the Budget Estimate.

VII.—Part V of the Budget Estimate of expenditure in the Barrack Department. This part of the forms will be applicable only to the North-Western Provinces, Punjab, Central Provinces and Assam, where the charges for the supply and repair of barrack furniture and establishment of Barrack Masters and Sergeants are treated as a portion of the Public Works charges.

VIII.—Part VI of the Budget Estimate showing the transactions under Stock and Suspense debitable to Imperial Funds. This part of the Budget Estimate is applicable only to Madras, Bombay, Central Provinces, and British Burmah.

IX.—Appendix A showing the distribution of the grant of the year by Departments. This Appendix has been provided so as to prevent the entry of unnecessary details in the Budget Estimate of expenditure.

X.—Appendix B—List of Class C works. It is considered preferable that the list of these works should be entered in an Appendix instead of being shown in the body of Part I of the Budget Estimate.

3. A pattern form of Budget Estimate for the Military Works and Irrigation Branches, for the Provinces to which the Provincial Service arrangements do not apply, and for Provincial Services and Local Funds, will be separately issued.

ORDER.—Ordered that this Resolution be communicated to the Local Governments and Administrations of Madras, Bombay, Bengal, North-Western Provinces and Punjab. The Chief Commissioners, Central Provinces, British Burmah, Oudh and Assam.

Ordered also that a copy be forwarded to the Administrations noted in the margin, the Inspector-General of Military Works, and the Financial Department for information.

RESOLUTION.—The recent orders on the subject of the classification of the grants and outlay on Public Works render it necessary that revised forms of Provincial Service Budget Estimates should be published. The accompanying pattern form of Budget Estimate has therefore been prepared for use in the Provinces to which the Provincial Service arrangements apply, and the Government of India request it may be brought into use in those Provinces* commencing with the Budget Estimates for 1877-78, which should be submitted so far as it is possible to do so in the form now prescribed.

2. The form of Budget Estimate for Provincial Services in the Provinces mentioned will now consist of the following documents:—

I.—Budget Estimate of Provincial Service Public Works Revenue.

II.—Budget Estimate of Provincial Service Public Works Expenditure.

III.—Part I of the Budget Estimate, being detail of the estimate for Original Works

IV.—Part II of the Budget Estimate, being detail of the estimate for Repairs.

V.—Part III of the Budget Estimate, being detail of the estimate for Establishment.

VI.—Part IV of the Budget-estimate, being detail of the estimate for Tools and Plant.

Note.—Part V of the Budget Estimate being for the Barrack Department, is not required in the case of the Provincial Service Public Works Budget Estimate.

VII.—Part VI of the Budget Estimate, showing the transactions under Stock and Suspense debitable to Provincial Service Funds.—This part of the Budget Estimate need only be submitted in cases where it is expected that there will be an increase of stock and suspense, or in cases where the Budget is prepared in the expectation of there being a decrease in stock and suspense.

VIII.—Appendix A, showing the distribution of the grant of the year by Departments.

XI.—Appendix B, list of Class C Works.—The submission of this Appendix of the estimate is optional.

XII.—Appendix C, being distribution of the provision for Establishment.

XIII.—Appendix D, being estimate of the entire receipts and disbursements of the Province.

3. The remarks made in Public Works Department circulars No. 87, and No. 91 of 1876, regarding the several portions of the Public Works estimates, are also applicable to the forms now published.

*Proceedings of the Madras Government, Public Works Department,
23rd February 1877. No. 673.*

4. In order to have a complete summary of the entire Budget Estimates of the Department, an abstract in the form accompanying this Resolution should be prepared and submitted to the Government of India so soon as the several estimates are disposed of and before the 15th of March. This abstract should be prepared by the Examiner of Public Works Accounts.

5. The Local Fund Public Works Budget Estimates should be submitted as far as it is possible to do so in the forms now published, the funds to which the expenditure should be charged being noted in a separate column in the remark portion of the estimate. But the provision for expenditure by Public Works Officers should be made distinctly from the provision for expenditure by Civil Officers. And the summary of the Budget Estimate should be prepared according to the forms annexed to this Resolution.

ORDER.—Ordered that this Resolution be communicated to the Local Governments and Administrations noted in the margin for information and guidance.

The Governments of Madras, Bombay, Bengal, North Western Provinces, and Punjab,
The Chief Commissioners, Central Provinces, British Burmah, Oudh, and Assam.

Ordered also that a copy be forwarded to the Administrations noted in the margin, the Inspector-General of Military Works and the Financial Department for information.

The Resident at Hyderabad.
The Governor-General's Agent, and Rajpootana and Central India.
The Chief Commissioner, Mysore and Coorg.
The Superintendent, Port Blair.

				13,11,000	13,81,000

The provision for Presidency House-rent should be distinct from the provision for Presidency allowances.
The provision for temporary establishment for each class of Establishment should be made in a distinct line under each class as shown in the above examples.
The numbers of all classes of Establishment entered in the second column should agree with the sanctioned scale. Any difference between those numbers and sanctioned scale should be explained in a separate memorandum.
It is optional to make the provision for Postage distinct from that of Contributions.

BENGAL.

GOVERNMENT OF BENGAL.

[PART V IS NOT REQUIRED FOR PROVINCIAL SERVICES.]

PART VI.

ABSTRACT OF THE PROBABLE INCREASE OR DECREASE IN THE SUSPENSE BALANCES
OF THE DIVISIONS CLASSED AS PROVINCIAL, FOR 1876-77, AND PROVIDED FOR
IN THE ORDINARY PROVINCIAL SERVICE BUDGET-ESTIMATE OF THAT YEAR.

	STOCK.	STOCK PUR- CHASES AND SALES.	MISCELLA- NEOUS ADVANCES.	LONDON STORES.	LONDON INVOICES.	TOTAL.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Actual balance on 1st April 1875...						
Probable charges during 1875-76 ...						
Total ...						
Probable credits or issues including sales and cash receipts during 1875-76.						
Probable balance on 1st April 1876						
Probable charges during 1876-77...						
Total ...						
Probable issues including sales and cash receipts during 1876-77.						
Probable balance on 31st March 1877.						
Probable balance on 1st April 1876-77.						
Result of operations of 1876-77, viz.,						
Increase ...						
Decrease ...						
Net ...						

This Part need only be submitted in cases when it is expected that there will be an increase or decrease
in the Suspense and Stock balances. It is left optional to adopt the above form or the following form:—

STOCK.	Increase.	Decrease.
	Rs.	Rs.
Probable receipts by sale of stock ...		
Provision made for purchase of Reserve Stock of timber ...		2,00,000
[And so on for other suspense items,]	1,00,000	
Net decrease ...	1,00,000	2,00,000
	1,00,000	

In case of the budget being prepared for a decrease in suspense a note should be made at the foot of the estimate to show the specific
items of the provision for Original Works or Repairs the grants for which should be reduced in case the decrease in suspense does not take
place. And it should be understood that the grants for such items are not to be expended to the extent noted against each until the decrease
in suspense really takes place.

Circular No. 87 Public Works.
GOVERNMENT OF INDIA.
PUBLIC WORKS DEPARTMENT.
ACCOUNT.
General.

Fort William, December 14, 1876.

Pattern form of Imperial Public Works Budget-Estimate for Buildings and Roads in Provinces to which the Provincial Service arrangements apply.

Read again the following papers:—

Chapter XVI, Section 1 of the P. W. Code.

Ditto	ditto	No. 74 of 1876.
Ditto	ditto	No. 76 of "
Ditto	ditto	No. 83 of "

RESOLUTION.—The recent orders on the subject of the classification of the grants and outlay on Public Works render it necessary that revised forms of Public Works Budget-Estimates for Buildings and Roads should be published. The accompanying pattern form of Budget-Estimate has therefore been prepared for use in the Provinces to which the Provincial Service arrangements apply, and the Government of India request that it may be brought into use in those Provinces* commencing with the Budget-Estimates for 1877-78 which should be submitted in the form now prescribed.

2. The form of Budget-Estimate for Imperial Buildings and Roads in the Provinces mentioned will now consist of the following documents:—

I.—Budget-Estimate of Imperial Revenue.—In the old form this estimate formed Appendix A of the Budget-Estimate. It is considered preferable that the estimate of revenue should, as is the case in the estimates of other Departments form the opening series of documents constituting the Budget-Estimate.

II.—Budget-Estimate of expenditure.—This estimate formed Part I of the old series of Budget-Estimates.

In both these Budget-Estimates an additional column has been added for the figures of the Regular Estimate of the year current. By this arrangement the submission of a separate Regular Estimate on the 15th December is rendered unnecessary, and Chap. XVI, Sec. 1, para. 39 A of the Code is therefore cancelled.

III.—Part I of the Budget-Estimate, being detail of the estimate for Original Works.

The entries in this part of the Budget-Estimate are to be brought forward according to the heads of the classification laid down in the orders quoted in the margin, and in cases where several works go to make up a project, the entries of the works are to be so arranged as to bring out distinctly the project to which they relate. The actual expenditure to the end of the previous year is also required to be shown separately from the probable expenditure of the year current.

IV.—Part II of the Budget-Estimate being detail of the estimate for repairs.

The entries in the Budget-Estimate are to be so arranged as to show distinctly the grants required for each class of buildings at each station, the provision for quadrennial repairs being shown distinct from that for annual, special and minor repairs. On this point attention is invited to paras. 20 to 22 of Public Works Department Circular No. 76 of 1876.

V.—Part III of the Budget-Estimate showing the manner in which the provision for Establishment is made up. In the Provinces in which the form of Budget-Estimate is to be introduced, the whole of the Establishments of the Buildings and Roads Branch are considered Provincial, Imperial funds paying a certain percentage of the grant for Imperial Works and Repairs as its share of the Establishment charges. The details of the Establishment charges should therefore appear in the Provincial Service Budget-Estimate, while in the Imperial Budget-Estimate it will suffice to show the calculation on which the charge to Imperial funds for Establishment is arrived at.

VI.—Part IV of the Budget-Estimate showing the manner in which the provision for Tools and Plant is made up. The remarks in the preceding para. are also applicable to this part of the Budget-Estimate.

VII.—Part V of the Budget-Estimate of expenditure in the Barrack Department. This part of the forms will be applicable only to the North Western Provinces, Punjab, Central Provinces and Assam, where the charges for the supply and repair of barrack furniture and establishment of Barrack Masters and Sergeants are treated as a portion of the Public Works charges.

VIII.—Part VI of the Budget-Estimate showing the transactions under Stock and Suspense debitable to Imperial funds. This part of the Budget-Estimate is applicable only to Madras, Bombay, Central Provinces and British Burmah.

IX.—Appendix A showing the distribution of the grant of the year by Departments. This Appendix has been provided so as to prevent the entry of unnecessary details in the Budget-Estimate of expenditure.

X.—Appendix B—List of class C works. It is considered preferable that the list of these works should be entered in an Appendix instead of being shown in the body of Part I of the Budget-Estimate.

3. A pattern form of Budget-Estimate for the Military Works and Irrigation Branches, for the Provinces to which the Provincial Service arrangements do not apply, and for Provincial Services and Local funds, will be separately issued.

ORDER.—Ordered, that this Resolution be communicated to the Local Governments and Administrations noted in the margin for information and guidance.

The Governments of Madras, Bombay, Bengal, North Western Provinces, and Punjab.
The Chief Commissioners, Central Provinces, British Burmah, Oudh, and Assam.

Ordered also, that a copy be forwarded to the Administrations noted in the margin, the Inspector General of Military Works, and the Financial Department for information.

The Resident at Hyderabad.
The Governor General's Agent, Rajpootana and Central India.
The Chief Commissioner, Mysore and Coorg.
The Superintendent, Port Blair.

23rd Dec 76

To Mr.

I do not think it
ought to take more than a
few hours to clarify the
works in each Budget,
Imperial & Provincial; at
least, I can guarantee it
being done in that time in
this office.

And I think the
convenience of having it done
once for all is well worth the
trouble of doing it.
