G.O. No. 6 (W) Press/Mis. mis

Dated 2 / 1. 1871

**Not to be folded or roughly handled**

No 6 3d January 1877

The Chief Engineer will instruct Major Vibart to place himself with the least possible delay in communication with the Master Attendant Captain Taylor, & prepare a rough plan & estimate for a temporary pier, intended to facilitate the landing of grain from ships in the Roadstead. Captain Taylor

2/1

has already personally
communicated to the
Council the manner
in which he believes
this important object
can temporarily be secured
and will submit
his project to Major
Vibart. —
