*Proceedings of the Madras Government, Public Works Department,
2nd March 1877. No. 705.*

No. 18. Read the following letter from Captain R. R. E. BROCKMAN, R.E., District Engineer, Tanjore, to the Secretary to Government, Public Works Department, Roads and Buildings Branch, dated Tanjore, 23rd February 1877, No. 329 :—

With reference to G.O., No. 3,561, dated the 18th December 1875, sanctioning an estimate of Rupees 1,970 for additions to the Range Office at Negapatam, and directing that application for funds should be made after 1st April 1876, I have the honor to inform you that funds for the work were duly applied for in the statement of incomplete works submitted to Government on the 8th May 1876, but none were granted. The Range Officer in his letter to this Office No. 620, dated 21st February 1877, writes as follows regarding the condition of, and the insufficiency of accommodation afforded by, the present building :—

“ The accommodation is quite insufficient for the Office staff, and the two small rooms are so choked up with almirahs, book-cases, boxes, &c., that one can scarcely move. The Range Officer is quite unable to hold his office in it, there is simply no room for him. The roof leaks like a sieve in every direction, and in the event of a heavy rain the writers have to huddle themselves into a corner to escape the water. Books, plans, furniture, &c., suffer very considerably in consequence, and besides that I do not think the roof will hold together much longer.”

2. Under the circumstances above stated, I request that the Government will be pleased to allot the necessary funds to admit of the additions sanctioned in Government Order above quoted being carried out at an early date.

No. 19. ORDER THEREON, 2nd March 1877, No. 705.

CIVIL WORKS, No. 4.

THE work may be put in hand early next official year, when an appropriation of funds will be made.
