MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No.	719 (2)	Press Mis.
Dated	2-3-	1877.

Not to be folded or roughly handled

No. 46. Read the following letter from Major J. O. HASTED, R.E., Superintending Engineer, Kistna District, to the Secretary to Government, Public Works Department, dated Masulipatam, 22nd February 1877, No. 165 :—

I HAVE the honor, with reference to G.O., No. 446, dated 17th February 1876, to submit a statement showing the account of the old District Engineer's boat which has been sold for Rupees 250. It appears from this statement that almost the exact sum estimated to remain at credit of the boat has been realized, and the original cost of the boat having been 1,100 Rupees, a sum of Rupees 4-4-7 remains to the good.

2. The following statement shows the cost of the new boat, the construction of which was sanctioned in the G.O. above referred to :—

PARTICULARS. <i>Construction.</i>	Amount.		
	RS.	A.	P.
As per advices and bills from Narasapur Divisional Officer to Bezoarah Divisional Officer	1,214	10	7
Fitting shutters, putting top cloth, &c., as per bill from Dowlaishweram Workshop Officer	119	6	5
Completing new boat as per Bezoarah Divisional Officer's bill, dated 11th January 1877	291	0	0
Total ..	1,625	1	0

3. The plan for the new boat was kindly furnished by Lieutenant Dorward, R.E., and arrangements were made that it should be built at Narasapur under his supervision, the estimate providing for the completion of the boat with all fittings for Rupees 1,200. Unfortunately shortly after work was commenced Lieutenant Dorward left the Godavery District, and the work could not, I suppose, be properly supervised. In consequence after some delay, I received intimation that the boat had been sent up to Dowlaishweram for certain additions, and that the cost up to date had been Rupees 1,214-10-7. I requested the Officer in charge of Dowlaishweram Workshop to execute only such work as was absolutely necessary and to send the boat to Bezoarah. He did so, and forwarded a bill for Rupees 119-6-5 for work done. On arrival at Bezoarah, I found that the boat was not painted, glass not fitted, windows, &c., without fastenings, and there were no internal fittings. I fitted it up at the Bezoarah Workshop as originally intended, and the cost was Rupees 291.

4. The only way in which the original outlay seems to have a fair chance of being recovered, is to raise the monthly rent from Rupees 24 to Rupees 30 per mensem. It is perhaps rather hard on the District Engineer that he should have to pay additional rent, in consequence of the expenditure having exceeded the estimate as above explained, but the boat is certainly far more convenient and comfortable than the old boat for which a monthly rent of Rupees 24 was charged.

Statement showing the Receipts and Disbursements on account of Superintending Engineer's old Boat.

From

Major J. A. Hasted M.E.
Supg Engineer, Victoria District

To

Lieut. Col John Mullins M.E.
Chief Engineer for Irrigation
and Secretary to Government P.W.D.

Sir

1 Encl:

I have the honor, with reference to G.O. No. 446 dated 17 February 1876, to submit a statement showing the account of the old District Engineer's boat which has been sold for Rs 250. It appears from this statement that almost the exact sum estimated to remain at credit of the boat has been realized, and the original cost of the boat having been 1100 Rs, a sum of Rs 4-4-7 remains to the good.

2. The following statement shows the cost of the new boat, the construction of which was sanctioned in the G.O. above referred to.

Particulars

Amount

Construction

As per invoices & bills from Baranapoor

Dist Officer to General Dist Officer — 1214 10 7

Brought forward — 1214 10 7
Fitting shutters, putting top
cloth &c as per bill from
Dowlaisluerem Workshop
Officer — 119 6 5
Completing new boat as
per Bezoarale Divisional
Officer's Bill dated 11th
January 1877 — 291 ..

Total Rupees 1625 1 ..

3. The plan for the new boat was
kindly furnished by Lieutenant
Dornard R.O., and arrangements
were made that it should be
built at Narasapur, under
his supervision, the estimate
providing for the completion
of the boat with all fittings
for Rs 1200. Unfortunately shortly
after the work was commenced
Lieut Dornard left the Godaverry District
and the work could not, I suppose,
be properly supervised. In
consequence after some delay,
I received intimation that the
boat had been sent up to
Dowlaisluerem for certain
additions, and that the cost
upto date had been Rs 1214-10-7.

I

I requested the Officers in
charge of Dowlaisluerem
Workshop, to execute only such
work as was absolutely necessary
and to send the boat to Bezoarale.
He did so, and forwarded a
bill for Rs 119-6-5 for work
done. On arrival at Bezoarale,
I found that the boat was
not painted, glass not fitted,
windows &c without fastenings,
and there were no internal
fittings. I fitted it up at the
Bezoarale Workshop, as originally
intended, and the cost was
Rs 291.

4. The only way in which the
original outlay seems to have
a fair chance of being recovered
is to raise the monthly rent
from Rs 24 to Rs 30 per mensem.
It is perhaps rather hard
on the District Engineer that
he should have to pay additional
rent, in consequence of the
expenditure having exceeded
the estimate, as above explained,
but

but the boat is certainly
far more convenient and
comfortable than the old boat
for which a monthly rent of
Rs 24 was charged.

I have the honor to be
