Sir,

In reply to Memo No. 2282 of 14th instant I have the honor to report that the building at Mandaliakam was a vaulted roofed travellers hungalow of a common pattern in the South, the first stage on the Southern road from Madras. as a traveller's hungalow it came into possession of the Local Fund Board.

2. It was very little used as such at any time, and was as I am informed occupied, as conveniently placed, by the musketry practice parties at Palanuram; it is near the long range platform. I gather that in consequence of some objection made by the Local Fund Board after application was made to the Military,

authorities. and on a letter to the Military Secretary from the Quarter Master General I had desired in G.O. No. 68 of 10th June 1875 to furnish a valuation statement.

3. The Local Fund Board agreed to accept the sum proposed by me Rs 1340 and in G.O. No. 2872 of 7th October 1875 I was authorized to pay for it.

i.e. Rs 1340 for
the same purpose

4. In November 1875 the Dy Asst Quarter Master General applied for an estimate for its repair and the fitting of it with arm racks &c. some correspondence regarding details of the latter has delayed the papers which were finally sent up on the 30th ultimo.

I have the honor to be
