*Proceedings of the Madras Government, Public Works Department,
9th January 1877. No. 77.*

Read the following :—

No. 3 W.

No. 145. *Note by the Chief Engineer for Irrigation.*

THE reconstruction of an irrigation sluice at a cost of Rupees 1,520 in the Kalkolum Tank was disallowed in G.O., No. 2,442, dated 13th September 1876, but a sum of Rupees 50 was sanctioned for the purpose of connecting the channel of the ruined sluice with that of another channel, whose sluice was in perfect order and apparently capable of irrigating the additional land.

It appears, however, that the Superintending Engineer, Chingleput, had authorized the reconstruction of the ruined sluice in anticipation of sanction, and that the size of the tunnel of the sluice which was to do the work of the ruined sluice in addition to its own is too small for the purpose.

Under these circumstances the sanction of a supplementary estimate is necessary as follows:—

Cost of reconstructing an irrigation sluice	...	...	...	Rs.	1,520
Deduct the amount sanctioned in G.O., No. 2,442, dated 13th September 1876	...	...	...	...	50
Amount of sanction required	...	...	...		1,470
