Amounting to Rupees 1,059-13-0 for replacing the frames and runs in the skittle alley at Wellington in place of others completely worn out.

Letter No. 1438, dated 18th April 1877, from the Commandant, Wellington, is attached to the estimate.

The troops at Wellington have very little amusement of any kind, and it is most important that means of occupation and amusement should be provided for them. On these grounds His Excellency strongly recommends that the skittle alley should be put in thorough order.

I am directed by His Excellency to submit it for the consideration and orders of Government.

2. If approved by Government, it is requested that the papers may be forwarded to the Department Public Works for disposal.

No. 177. *From Brigadier-General H. O'CONNELL, Quartermaster-General, to Colonel J. MICHAEL, c.s.i., Secretary to Government, Military Department; dated Head Quarters, Ootacamund, 6th September 1877, No. 646-6048.*

Amounting to Rupees 556-3-3, for improving the ventilation of the hospital at Wellington. During the Commander-in-Chief's late inspection of the Depot at Wellington, it was brought to His Excellency's notice that more ventilation is required in the hospital. The work has been recommended by Surgeon-General Gordon, c.b., as one of necessity—a recommendation in which His Excellency the Commander-in-Chief concurs.

The Commander-in-Chief having approved the estimate marginally noted, I am directed by His Excellency to submit it for the consideration and orders of Government.

 Memo No 114

Sir, With reference to your Memo No 273 of the 3rd November 1876, I have the honor to submit for the favorable consideration of His Excellency the Commander in Chief the original estimate for the supplying old runs and frames in the shuttle alleys at this station, the works have been approved of by the Major General Commanding the Division at a recent inspection of the Barracks, and as it is the only source of amusement for the large number of young soldiers now at this Depot, I trust His Excellency may be induced to sanction the same, as in their present condition they cannot be used, and are in fact dangerous on account of the wood-work being worn away and decayed. The correspondence as per margin herewith returned, as also an estimate amounting to Rs 556, for repairing one side only of the Shuttle alleys.
