Proceedings of the Madras Government, Public Works Department,
10th March 1877. No. 822.

No. 234. Read the following endorsement of the Chief Secretary to Government,
dated Fort St. George, 6th March 1877, No. 536 :—

From Major T. WELDON, Chief Magistrate of Police, Madras, to the Chief
Secretary to Government, dated Madras, 5th March 1877, No. 38.

I HAVE the honor to request permission to erect a shed for the protection of the
carriage and horses of the Second Magistrate attached to this Court. Hitherto this
gentleman has had the use of the coach-house and stabling attached to the Reserve
Inspector's quarters in the compound, and which is not required by that officer; but
the Commissioner of Police having intimated that this accommodation is required for
the purposes of his department, the carriage and horses of the Magistrate have now
no shelter other than may be afforded by a tree under which they are left standing.

2. Under present circumstances I am unwilling to press for any considerable
outlay, and have therefore been furnished by the Public Works Department with an
approximate estimate, amounting to Rupees (160) one hundred and sixty, for the
erection of a temporary thatched shed, which will answer the purpose intended till
Government may be in a better position to allot funds for a more suitable and perma-
nent structure; and I therefore solicit sanction for an expenditure not exceeding that
amount.

APPROVED and referred to the Public Works Department for the necessary orders.

(Signed) W. HUDLESTON,
Chief Secretary.

My dear Mr. Weston

The P. M. O. Sirs. sent me
an estimate for Rs 700/-
This of course would not do
so I had it altered for a
thatched shed and reduced
to Rs 160/- but with some
alterations which I will
propose to the Engineer
the actual cost should be
much considerably less

I know it much if we
did the work ourselves
which we might try, but
do as it requires no
particular skill and
the Engineer's Office
have their hands full
of more important work
However I am anxious
to get it hand before our
very hot weather sets in
