Proceedings of the Madras Government, Public Works Department,
13th March 1877. No. 843.

No. 274. Read the following letter from G. C. TALBOT, Esq., Director-General of Stores, to the Secretary to Government, Public Works Department, dated India Office, London, 16th February 1877:—

I HAVE the honor to inform you that considerable doubt and difficulty is often experienced in complying with demands for lathes, owing to insufficient information in the indents.

2. I have caused a form to be prepared showing the particulars which are required for each description of lathe, and I have the honor to request that they may be furnished in future indents.

3. It would also be of advantage if the description of work required to be performed by these machine tools were stated in each case, to enable me to avail myself of any improvements that may be unknown to indenting officers.

P.S.—Additional copies of the form are sent by book-post for communication to any indenting officers who may be subordinate to you.

No. 275. ORDER THEREON, 13th March 1877, No. 843.

ACCOUNT, No. 22.

COMMUNICATED to the officers concerned for information and guidance.
