Read the following papers:—

No. 348, From Lieutenant-Colonel H. L. PRENDERGAST, R.E., District Engineer, North Arcot, to the Secretary to Government, Public Works Department, dated Vellore, 16th February 1877, No. 3,483.

I HAVE the honor to submit, for the sanction of the Government, a plan and estimate of Rupees 147 for providing separate accommodation for undertrial prisoners in the subsidiary jail in the Fort of Vellore.

One Plan.
" Detailed Estimate.
" Abstract do.

2. The Sub-Collector represented that the jail consists of but two rooms, and if even only one female is in confinement a room must be kept for her, leaving the other room for both undertrial and convicted male prisoners. Mr. Austin gave an instance of this being a very unsatisfactory arrangement when it was absolutely necessary to separate the prisoners.

3. The Collector thereupon approved of the suggestion that a partition wall should be run across the large ward, with a separate door, and requested that as the cost would be but small the work should be executed as soon as possible. Mr. Whiteside adds that the work is indispensable at this season, when crime is prevalent and prisoners are numerous in every sub-jail.

4. The work however is beyond the limit of sanction of local officers, and there are no funds available in this district under Minor New Works, Civil Buildings.

*Proceedings of the Madras Government, Judicial Department,
22nd May 1867.*

No. 242. Read the following letter from the Inspector General of Jails, to the Chief Secretary to Government, Fort Saint George; dated Madras, 15th May 1867, No. 23.

With reference to my letter of the 14th instant, No. 25, in which I submitted an opinion that it was not expedient to establish a Jail in the Old Fort at Arnee, I have the honor to request that the occupation of the Mahals in the Vellore Fort may be continued as a temporary measure. Although the building has defects, yet it is well situated, and the inmates have been healthy ever since it was occupied in the end of November. There is already a resident Superintendent, as well as a Medical Officer, and, the Mahals being close to the new Barrack Jail, arrangements may be made by which the establishment will cost less than it would at a separate station. The labor of the convicts will also be available to assist in the construction of the Central Jail.

No. 243. ORDER THEREON, 2nd May 1867, No. 847.

Under the circumstances stated in the foregoing letter, the Governor in Council sanctions the proposal made by the Inspector General of Jails, that the use of a portion of the Mahals at Vellore as a Jail should be continued as a temporary measure.
