GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

4th October 1877, No. 870 W.

Buildings and Roads.
Civil Works.

Read the following paper :—

No. 55. From Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, to the Secretary to Government, Public Works Department, dated Madras, 2nd August 1877, No. 3,364.

I HAVE the honor to submit, for the *early* sanction of Government, the accompanying five revised plans with five estimates, amounting to Rupees 725, for the construction by departmental arrangement of the station-houses noted in the margin in the Godavery District in 1877-78.

1 Station-house at Buttayagudem (No. 4 or Ellore Division)	rs.	145
1 Station-house at Gopalapuram (No. 4 or Ellore Division)		145
1 Station-house at Tadimulla (No. 4 or Ellore Division)		145
1 Station-house at Nullacherla (No. 4 or Ellore Division)		145
1 Station-house at Oongatur (No. 3 or Western Delta Division)		145
Total		725

2. The original estimates for the above buildings (mud and thatch) were sanctioned in G.O., No. 689, dated 28th February 1877, Public Works Department, at a cost of Rupees 168 each. The Superintendent of Police reports that a station-house according to the present revised estimate on the smaller scale provides good materials and affords all the accommodation necessary besides being less expensive in its construction and costing comparatively very little for future repairs in the long run. Further no contractor can be found to undertake the work on the larger scale already sanctioned by Government.

3. I beg also to observe that adherence to the existing *sanctioned standard plans* need not be enforced in localities like the present where buildings of the cheaper description answer all the purposes, are more suited to the local requirements, and can be speedily built by departmental arrangement with much less cost and trouble. These have been found to be durable.

4. The specification reports which have not accompanied the above documents will be forwarded hereafter if required.

5. The saving of Rupees 115 thus effected in the district allotment of new works for 1877-78 by these proposals, will be utilized elsewhere as required, should they meet the approval of Government.
