*Proceedings of the Madras Government Public Works Department,
21st April 1876.*

No. 288. Read the following letter from Lieutenant-Colonel R. F. OAKES, R. E.,
Superintending Engineer, Tanjore, to Major-General G. W. WALKER, R. E.,
Secretary to Government, Public Works Department, dated Tanjore, 9th
March 1876, No. 393 :—

I HAVE the honor to inform you that on the receipt of G. O., No. 363, of 10th
ultimo, I forwarded it to Sub-Engineer Mooneappah Pillay and requested him to furnish
me with his Service Register to admit of his pension papers being prepared. In reply,
the Sub-Engineer has sent me the accom-
panying letter and two enclosures, which he
has asked me to forward to you.

No.—, dated 7th March.

2. I am of course altogether ignorant of the circumstances connected with
the channel-trail pits, &c., relative to which the Sub-Engineer appears to have incurred
the displeasure of Government; but from the enclosed letter, it would appear that the
circumstances connected with two entirely different channels have been jumbled together.

3. With reference to the quotation in paragraph 3 of Lieutenant-Colonel
Fisher's letter, No. 3,599, from Lieutenant-Colonel Roberts' letter, printed in G. O.,
No. 1,490, of 1st June 1871, I have only to observe that the opinion there expressed
is so very much at variance with that expressed in the accompanying extract from
Lieutenant-Colonel Roberts' Administration Report of 1873-74, that it is clear
Lieutenant-Colonel Roberts' hastily formed opinion in 1871 was not a correct one.

4. The enclosed pamphlet of testimonials shows in what high esteem Sub-
Engineer Mooneappah pillay has been held by the various officers under whom he has
served and testify to his qualifications and ability, and I would beg to call special
attention to the very last testimonial which is from Lieutenant-Colonel Roberts.

5. I have no hesitation in saying that, though not possessed of much theoretical
knowledge, the Sub-Engineer has acquired a great deal of practical knowledge, and,
under an officer who is able and willing to assist him in any little difficulties induced
by his ignorance of theory, he makes a most efficient Range Officer and prevents work
in his Range from falling into arrears, and he has the good sense to ask for instruc-
tions in any little difficulties when he knows they are willingly and cheerfully accorded.

6. The Sub-Engineer is physically far more capable than many men in the
department who are ten or more years his junior, and, as far as I am personally
concerned, I am quite willing to keep him in charge of No. 4 Range where he has done
much to bring to light frauds of which Government will hear betimes, and to bring
into something like order the chaos which he found in the Range owing to Messrs.
Hamnett's and Littlewood's incompetency and carelessness.

7. If Government still determine that the Sub-Engineer shall be compelled
to take his pension, I beg that a European Officer or Upper Subordinate of some experi-
ence may be appointed to relieve him, for the Range is by no means an easy one to
manage, and the numerous changes in its charge of late years, as indicated by the
enclosed memorandum, has left a great deal to be done and undone.

8. The Sub-Engineer has so far carried on the duties of the Range creditably,
notwithstanding the fact of his being unaided by a Sub-divisional Officer, as one of the
vacancies brought to the notice of Government in letter, No. 1,978, dated 14th October
1875, is still unfilled, Mr. Supervisor Lyons, appointed in the Gazette of the 22nd
February, not having yet joined.

2
Respected Sir

I respectfully beg
to state that I was extremely
sorry when I heard from your honor
this morning that I should not
resume my duties at Amagundy
in the Dargah District as the
present Acting District Engineer
does not wish to have me back
again here.

Your honor will kindly observe
that I have ere this been dragged
from District to District via
Dinnivelly, Ponnur, and latterly

Loyore District where
I had been 15 months only
during which time I believe
I have rendered every satisfaction
to my immediate Superiors as
will be seen by the enclosed.
Copy of a letter from Colonel
Cable to Government for
your Honor's kind information.
Under these circumstances
it will be very hard on me
to shift myself with my
large family to a distant
place especially in these hard
times and will entail on me
great trouble and expense.

I therefore most humbly
beg to solicit that your Honor
will be graciously pleased
to reconsider the opinion
entertained this morning
and thus direct my being sent
to Banagood Division in the
Loyore District.

For which act of benevolence
I shall be most highly thankful
for ever.

with due respects.

Humbly beg to remain
Most Honored Sir

Your most Obedient and
humble servant

Most Honored Sir

I most humbly beg to
state that subsequent to my visit to
your honor in December last, all papers
connected with my affairs were
minutely seen by His Grace the Governor
after his arrival from Delhi and a
G. O. No 32 dated 29th Decm was sent
to me, a copy of which I believe
might have been communicated to
your honor also. In obedience to
which I appeared on the 10th Instant
before the Medical Board of the
Presidency for examination as to
my physical fitness for further
active and efficient service, I am
glad to say that the Board after a
