Read the following paper :—

No. 83. From Major H. R. MEAD, R.E., District Engineer, South Arcot, to the Chief Engineer, Public Works Department, dated Cuddalore, 29th September 1877, No. 136.

WITH reference to G.O. No. 549 W, dated 6th August 1877, I have the honor to submit a statement showing the original estimate outlay incurred up to the end of the last official year and the amount required in the current year for the repairs and protective works to the bridge over the Pooniar at Cuddalore.

2. The outlay incurred up to March last, as may be seen from the statement, amounts to Rupees 24,429-12-8, and the sum required in this year for completing the work, that is, the cost of protecting five more of the arches or up to the 11th arch, with a rough stone apron in front and rear, as decided in the Government Order, comes to Rupees 1,560. These two sums together amount to Rupees 25,990, which should be taken as the revised estimate for the work, in place of the one of Rupees 44,200 sanctioned in G.O. No. 554, dated 19th February 1877.

3. The protective work to the five arches were, as directed in the Government Order, put in hand last month, but it has been since the 14th instant stopped on account of freshes in the river, and I do not think it probable that anything more will be done until next January. I am glad, however, to say that the stonework in rear of the bridge was completed as far as the 10½ arch, and that in front of the 7th arch done. We have had a heavy flood in the river, and I am able to report that as yet no damage has occurred. I trust, therefore, that the stone put down will effectually protect the foundations of the bridge.

No. 84. ORDER THEREON, 8th October 1877, No. 931 W.

UNDER the circumstances brought to notice in the above letter, His Excellency the Governor in Council sanctions the revised estimate of Rupees 25,990 for protective works to the Pooniar bridge, in lieu of the estimate of Rupees 44,200 sanctioned in G.O. No. 554 of 19th February 1877.

2. Of the sum of Rupees 25,990, Rupees 24,430 have been spent on the work up to end of 1876-77. This amount will, as ordered in paragraph 2 of G.O. No. 549 W of 6th August 1877, stand debited to Local for the present. The unexpended balance of the estimate required to complete the work in 1877-78 is Rupees 1,560. This amount is now appropriated from the Provincial Reserve as a part contribution to Local Funds.

3. This sanction has been registered as Local No. 86 B of 1877-78.

to the Chief Engineer D.D.W.

Statement showing the Original estimate, expenditure incurred up to March 1877 under the same and further sums required during the current year for Repairs and Protective works to the Pannar Bridge at Cuddalore

I think the Govt. Mr. Montagu
wants the L.F. one half
of the total expenditure. This
is the understanding of the
L.F. B. provided as they
supported at one half the
cost. B. has now been
withdrawn from expenditure
