Dated	10. 10	18 77.

Not to be folded or roughly handled

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

10th October 1877, No. 960 W.

Buildings and Roads.

Military Works.

Read the following papers:—

No. 102. From Captain A. AWDRY, R.E., Acting District Engineer, Coimbatore, to the Chief Engineer, Public Works Department, Buildings and Roads, dated Camp at Pollachy, 22nd July 1877, No. 50 CI.

I HAVE the honor to submit, for sanction and provision of funds, an estimate of

1 Estimate.

1 Sketch.

Rupees 370 accompanied by a sketch for erecting a mud wall around part of the rest-house compound at Erode in place

of aloe and prickly-pear hedge lately removed from the sides of the encamping ground, which is at present made a thoroughfare for people and cattle and great inconvenience is caused thereby, especially as the passage is between the rest-house and the two latrines as shown in the sketch.

2. The estimate has been prepared at the request of the Officer Commanding the Southern District, and approved by His Excellency the Commander-in-Chief.

No. 102-A. From the same officer, dated Coimbatore, 30th August 1877, No. 67 CI.

WITH reference to your No. 2,098 of the 30th ultimo, I have the honor to

1 Sketch.

1 Estimate.

1 Specification.

inform you that I have again referred to the Military authorities as to the sufficiency of the walls proposed to be erected at the north-west and south-east corners

of the rest-house compound at Erode for the prevention of trespass.

2. I am informed in reply that the walls as proposed are all that are required, as the portion of the west side left unprotected is almost always occupied by tents.

No. 102-B. From the same officer, dated Coimbatore, 19th September 1877, No. 86 CI.

IN forwarding an estimate of Rupees 82 for a ditch and bank planted with aloe round part of the rest-house compound at Erode as directed in your memo-

1 Estimate.

randum No. 2,689 of 12th September 1877, I have the honor to call your attention to the fact that aloe hedge has already been removed at Erode as objectionable under orders in Financial Department G.O. No. 723 of 28th April 1874, and to inform you that I fear that it will be little use planting aloe this year as the poor people eat the hearts of them, but that the bank can be made at once if approved of.

No. 102-C. From the same officer, dated Coimbatore, 6th October 1877, No. 99 CI.

In continuation of this office letter No. 86 CI of 19th September 1877, I have the honor to forward docket from the Deputy Assistant Adjutant-General, No. 1,611, of 3rd October 1877, Southern District, forwarding a letter from the Rest-house Superintendent at Erode, and to inform you that I have directed the Irrigation Range Officer to carry out at once the work of the ditch and bank around the rest-house camp ground at Erode as a Famine Relief-work as per the estimate of Rupees 82 submitted to you.

No. 103. ORDER THEREON, 10th October 1877, No. 960 W.

The aloe hedge will be dispensed with. The estimate thus reduced will stand at Rupees 50 and is sanctioned, funds being provided from the Military Reserve.

2. This sanction has been registered as Imperial No. 70 B of 1877-78.

(True Extract.)

G.O. 10 (Oct. 7) No. 102 E

P.O.D.
No. Memorandum.

Letter from the District Engineer,
Coimbatore No. 86 C.I. dated 17th Sept 77.

The Chief Engineer doubts
whether the 6 feet bank will keep
out trespassers, and inclines to
think that the ditch should be
between the road and the bank.
and not the bank between the
road and the ditch.

A deep ditch 6 feet wide
along the road
between the road and the
bank. It should be
at least 6 feet deep.

W.H.

Submitted to the Sd/- Supt. Coimbatore
with report & proposals.
I incline to think that the
ditch should be taken to the road
on the bank - that the bank
between the road & the ditch

The aloe hedge will
be dispensed with. The estimate
thus reduced will stand at
Rs. 50^(and) is sanctioned - funds +
being provided from the
Military Reserve.
