4th January 1878, No. 11 W.

Buildings and Roads.

Civil Works.

Read the following paper:—

No. 18. Proceedings of the Madras Government in the Revenue Department,
dated 2nd November 1877, No. 3,188.

ABSTRACT.—*Salt Cutcherry at Sunnapugunta in Nellore District.*—Approving and communicating to the Public Works Department, for further orders, the plan and estimate for the construction of the —.

No. 19. ORDER THEREON, 4th January 1878, No. 11 W.

THE plan and estimate of Rupees 2,100 for constructing the Salt Superintendent's Cutcherry at Sunnapugunta in the Nellore District are sanctioned.

2. Transfers of funds from the Budget of Petty Construction and Repair to the Public Works Budget being opposed to the orders of the Government of India, the transfers recommended by the Collector in paragraph 2 of his letter printed therewith cannot be sanctioned. The Government are not at present in a position to make a specific appropriation for the work.

3. This sanction has been registered as Imperial No. 90 B. of 1877-78.

(True Extract.)

Colonel, R.E.
Secretary to Government, P.W.D.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

2nd November 1877, No. 3,188.

Read the following papers:—

No. 21. Proceedings of the Board of Revenue, dated 16th October 1877, No. 4,753.

Read the following letter from J. GROSE, Esq., Collector of Nellore, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated 4th October 1877, No. 5,239:—

I HAVE the honor to submit for sanction a revised plan, specification report, and estimate (the latter countersigned by me), amounting to Rupees 2,100, for the reconstruction of the Salt Cutcherry at Sunnapugunta. The execution of the work will be undertaken, without delay, on the estimate being sanctioned by the Department of Public Works, by whom the plan and estimate have been prepared, and to whom the work has been transferred in Board's Proceedings, No. 410, dated 10th February 1876.

2. There is no grant available for the execution of this work in the current year to Public Works budget, but as the importance of the work has been more than once urged on the notice of the Collector and admitted, I would suggest that a transfer of the funds required may be sanctioned from either of the two works marginally noted.

3. In connection with this subject, I submit for the Board's orders an extract (paragraphs 2 and 3) from Mr. Plunkett's letter of the 28th ultimo, No. 231. The proposal made would, no doubt, obviate considerable delay in the execution of a work which is urgently needed, but I am afraid exception might be taken to such a course as opposed to the rules and practice observed in the Public Works Department.

ENCLOSURE No. 1.

From C. E. PLUNKETT, Esq., Deputy Collector in charge of the Salt Department, to J. GROSE, Esq., Collector of Nellore, dated 28th September 1877, No. 231.

Paragraph 2. Owing to the late date at which sanction has been received and the general condition of the people and labor, I am not at all likely to be able to utilize in the Salt Department the full grant for the abovementioned items within the current official year, and the money thus unspent can be well appropriated for this Cutcherry at Sunnapugunta, which is urgently required, on the absolute necessity for which I have been repeatedly bringing forward in the last three or four years.

3. I beg to propose that I may be authorized to draw the money and pay it over in a lump to the officer in charge of the Southern Range, Public Works Department, for the construction of the building, as the formal transfer of funds from one service to the other if insisted on is sure to involve delay. The Accountant-General and Examiner of Public Works Accounts may, however, raise technical objections to the carrying out of my proposal.

(True Extract.)

(Signed) J. GROSE,
Collector.

ENCLOSURE No. 2.—Plan.

ENCLOSURE No. 3.—Estimate.

SUBMITTED for the sanction of Government.

2. Funds can be provided from the sources indicated.
3. The Deputy Collector's proposal is inadmissible.
