GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.

Civil Works.

Read the following paper:—

No. 135. From Colonel P. O'CONNELL, R.E., Superintending Engineer, Chingleput, to the Chief Engineer, Public Works Department, dated St. Thomas' Mount, 26th February 1878, No. 830.

In reference to G.O., No. 962 W., dated 11th October 1877, I have the honor to inform you that the information therein called for relative to compensation payable by this district for land taken up in the Kalastri Zemindary, on account of certain roads, is not to be found in the records of this or of the Range office. On a reference made by me to the Collector on the subject he has furnished me with a copy of a statement already submitted by him to the Revenue Board regarding roads 4, 3, and 7 noted in the margin of paragraph 2 of the Board's Proceedings printed with the Government Order under reply. I enclose a copy of this statement which gives merely the details of land taken up, but no information as to the amount of compensation, and would add that no further information than that contained in the statement in question would appear to be available from the Collector's department.

2. The records now in this office are far from complete, owing to the frequent divisions and distributions of the same that have been made on the occasions of the changes made in the department of late years.

No. 136. ORDER THEREON, 11th March 1878, No. 1,239 W.

Under the circumstances reported in this letter separate budget provision on account of compensation for land taken up for certain roads in the Kalastri Zemindary cannot be made. Funds will be allotted, on application, from the Provincial Reserve, as the claims are adjusted by the Civil officers.
