Read the following paper:—

No. 183. Endorsement of the Chief Secretary to Government, Ecclesiastical Department, dated Fort St. George, 9th March 1878, No. 417.

From C. T. LONGLEY, Esq., Collector of Salem, to the Chief Secretary to Government, Ecclesiastical Department, dated Salem, 28th February 1878, No. 88.

In reference to G.O., No. 270, dated 4th December last, I have the honor to report as follows:—

2. The Roman Catholic burial-ground at Yercaud is in charge of Reverend Father Godet, who on being communicated with in regard to the construction of the walls for the native portion of the ground, has replied that the funds at his disposal are inadequate to undertake the work, and that at present he does not consider it advisable to call upon his congregation to subscribe for the purpose. A copy of his letter is enclosed for the information of Government. The Deputy Tahsildar of Shervaroy Hills estimates the cost of the walls at Rupees 192 as per enclosed estimates.

3. In G.O., No. 162, dated 25th June 1875, it is stated that the Roman Catholic burial-grounds (at Yercaud and Remount Depôt) do not come within the Standing Orders and that they must be "taken care of by the community interested;" but this order was modified in G.O., No. 264, dated 9th November 1875, wherein it is ordered that, as the Protestant Cemetery at Yercaud is maintained from contributions from the congregation and from occasional special collection, the Roman Catholic cemetery must be put on the same footing, whilst that (Roman Catholic cemetery) at Remount Depôt, Ossoor, must be maintained by the Public Works Department, as the Protestant cemetery at this place is in charge of that department; and as subsequently Government have sanctioned expenditure from Imperial Revenue in connection with the Yercaud burial-ground (*vide* the margin. Proceedings), I have the honor to request that the concession be extended to the Roman Catholic ground at that place (Yercaud), and the expenditure of Rupees 192 above referred to sanctioned.

very limited and have been already allotted for other necessary work, such as finishing the new wall partly built round the Cemetery for Europeans in the church Compound in the year 1876 and also for erecting a new wall between the church and the public road, to replace the present unsightly one, and a new school room for Native children which I have already commenced.

In addition to the above works

I have in the church Compound which requires still some work to finish it properly. The Church also requires some repairs (plastering, whitewashing) and certain necessary articles of furniture.

I am reluctant in these hard times to call upon my Christian Congregation for any money contributions that are not absolutely necessary and however desirous I am of helping in the good work proposed I hope the Collector will kindly take

into his favorable Consider-
- ation all the work I have
above promised to perform
by the present limited
means at my disposal and
what more assistance I
may be able to obtain from
my fore Congregation to
finish the above works without
expecting contribution from
me for the Native Cemetery
