Read again the following :—

No. 1,153. Proceedings in the Public Works Department, dated 5th March 1878, No. 1,126 W., on Proceedings in the Financial Department, dated 2nd March 1878, No. 402.

4. Under Decree Correspondence provision has, with reference to G.O., No. 1,134 W., of 24th September 1877, been made in the Budget for the maintenance of certain metalled roads on the Nilgiris, viz., the Coonor, the Sogur, and the Lawson roads.

5. In their Proceedings printed with Decree G.O., No. 2,621, dated 1st September 1877, the Board of Revenue referred for the consideration of Government the question of providing, from Provincial Funds, the amount due on account of compensation for lands taken up for roads in the Kolaroy Zemindary prior to the formation of Local Fund Funds. The sum due is estimated at Rupees 30,785, and the amount would have been provided in the Provincial Budget of 1878-79 did the state of the Provincial finances at present not render general economizings impracticable. The Financial Department will, therefore, make special provision for the payment.

6. Financial embarrassment also precludes a larger provision than half a lakh of rupees on account of the Government of India on account of the Madras Water-supply Project. The total refund amounts to Rupees 4,50,000,* of which Rs. 1,00,000 will have been paid up to 1878-79, leaving Rupees 3,50,000 still due. His Grace the Governor in Council trusts that the condition of Provincial Funds will hereafter admit of the repayment of the debt in two half instalments as previously arranged.
