Account.

Read the following papers :—

No. 22. From Colonel A. S. MOBERLY, R.E., District Engineer, Cuddapah, to the Chief Engineer, Public Works Department, dated Cuddapah, 20th December 1877, No. 2,406.

In submitting copy of docket No. 125, dated 30th ultimo, from Mr. Assistant Engineer Leupolt, employed on famine duty, reporting the loss of a Dumpy level on the 1st idem, I have the honor to state that Mr. Leupolt has been called upon to explain why he did not report the matter to this office until the 30th November.

2. The Superintendent of Police has been addressed regarding the loss of level and his reply will be communicated when received.

From H. P. LEUPOLT, Esq., Assistant Engineer, Mudanur, to the District Engineer, Cuddapah, dated Pulivendla, 30th November 1877, No. 125.

Has the honor to inform him that the level which was with the Assistant Engineer was lost on the 1st instant near the village of Patty. The loss was reported to the Head Constable, Mudanur, on the 3rd instant, when the loss was noticed.

2. On the 1st instant Mr. Leupolt when marching between Gudamcheru and Patty stopped about half a mile short of Patty, intending to pitch his camp there, but as there was no water near, a lascar was sent to find a better place, and the other lascar who was carrying the level put it down and followed him shortly afterwards. When a better place had been found the carts started for it, and the lascar forgot to return for the level box which was left by the road side. On the 2nd, Assistant Engineer could not move to Mudanur as his tent was wet from rain; but on marching on the 3rd the absence of the level was noticed and the lascar sent to look for it, but it could not be found. As soon as Mr. Leupolt reached Mudanur he reported the loss to the Head Constable and ordered him to make inquiries for it, and sent him a written report of its loss in this office No. 41, dated 3rd instant, of which a copy is attached. Mr. Leupolt has heard nothing more of the level.

From H. P. LEUPOLT, Esq., Assistant Engineer, Mudanur, to Head Constable, Mudanur, dated 3rd November 1877, No. 41.

Begs to report that on Thursday last the 1st instant Mr. Leupolt's lascars left a box containing one of Cooke's Dumpy levels on the road side about half a mile north of the village of Patty, on the Mudanur Jammamadugu road, and forgot to take it up when they moved on. The loss was discovered this morning and reported verbally to the Head Constable. The report is now made officially.
