So hr.

There are no rules I know of bearing on the subject. The case certainly does not come within the exceptions laid down by India, and outside those directions, the local Govt can spend their money as they please.

Of course, you are aware
that only as late as July last,
Govt. sanc'd the purchase of
similar articles for the two
other divisions of this Army.

in G. O 5012/31.7.77 were
prepared locally - these
forming the subject of
this correspondence have
been made up under
special orders of the
Govt of India from whom
they will have to be
purchased.
