Account.

Read the following paper :—

No. 367. From Lieutenant-Colonel J. BEATTY, R.E., Superintending Engineer, Godavery District, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 13th March 1878, No. 3,935.

With reference to the remark in G.O., No. 924 W, of 25th February 1878, that the conduct of the Maistry should be suitably noticed, I have the honor to submit a report from the Range Officer, and to request sanction, as directed in G.O., No. 763, of 6th March 1877, to recover from the Maistry the value of the work he allowed to be done in excess of what was required.

From G. T. WALCH, Esq., Executive Engineer, in charge of Eastern Delta Division, Godavery District, to the Superintending Engineer, Godavery District, dated Camp at Coringa, 9th March 1878, No. 836.

With reference to the remark* as regards the excess quantity of concrete work done at the marine godown, Cocanada, which appears on the comparative statement for that work forwarded on the 30th January 1878, No. 736, I have the honor to request that, in accordance with the orders contained in Proceedings, Madras Government, No. 763, dated 6th March 1877, sanction of Government may be obtained to the recovery of Rupees 13-13-10 from the pay of Maistry B. Runganaikulu in two monthly instalments.

2. I forward the Maistry's explanation, which Mr. Fouracres, Sub-Engineer, in charge of the Northern Sub-division, considers is untrue as regards the necessity for the extra work done, and Mr. Fouracres says in a letter† regarding the work, "I lined out the work for him, and in addition to this gave him clearly to understand what the width and depth of concrete was to be (which he admits in his letter), as also gave him with the plan the estimate copied in telugu in order to make it quite clear for him; but, notwithstanding all this precaution, he carelessly allowed more work to be done."

Grants for Marine Stores at Coimbatore,
Godevay District.—Sanctions recovery from
Maistry Rungamaikula the portion of the
excess over estimate for constructing the —.

To the address of Mr. Francis
Imperial Maistry B. Rungamaikula
Maistry Maistry that a copy in
15/18
of the Estimate for the Marine
Stores was furnished to him and
that the work was laid out by Mr.
Francis by whom it was inspected
four times.

The cause of allowing more money
for the foundation is owing to the soil being
loose and water being carried and
after which a layer of concrete is laid
down. The foundation was
dipped and sunk down more than
the marked depth, a further layer

of Concrete - was allowed by which
Concrete work of the Estimate has
exceeded. Requests that he
may be excused for the fault.
