The undersigned has the honor to request the attention of the Secretary to Government in the Public Works Department to the following defects existing in the Weekly Progress Reports submitted by the Public Works Officers in charge of Relief Works:—

- 1.—The register number of sanction or the Government Order in which the allotment was sanctioned is frequently omitted.
- 2.—The sanctioned allotments are not sometimes stated.
- 3.—The amount of expenditure up to date is omitted or the previous weeks figures are repeated although there has been expenditure in the week to which reports relate.
- 4.—Omission of balances available.
- 5.—Omission of expenditure during the week.
- 6.—Omission to note in the remark column the closure of works when such is the case.

2. In most of the returns received from Kistna, instead of the total number of persons employed during the week being entered as the form prescribes, only the number employed on the last day of the week is given. The information thus given is useless for tabulation while the correct figures are received from other districts. It is requested that revised returns may be submitted for this district for the weeks specified in the accompanying list.
