P. W. Despatch No. 52, 18th Oct. 1877, from Secy. of State, to Govt. of India.

Resolution.—As the estimates for certain projects are now required to include provision for Establishment and Tools and Plant, it has become necessary to raise, in respect of such works, the powers of sanction of the several authorities, which powers were fixed at a time when estimates were required to include the probable cost of Works only, and not that of *Establishment and Tools and Plant*. Accordingly the Governor-General in Council, with the sanction of Her Majesty's Secretary of State, is pleased to declare that, in the case of estimates which are required to include provision for Establishment and Tools and Plant, the several sanctioning authorities will henceforth be competent to sanction estimates for amounts 25 per cent. in excess of the present maximum money limits.

The powers to sanction estimates for *Ordinary Projects* or original works will therefore, in future, be exercised as specified below:—
