MADRAS,
15th February 1878.

(Signed) J. K. GUTHRIE, Major,
Asst. Inspector-General,
for Insp.-Genl. of Police

Arranged to place the minor

No. 26-A. From the same Officer, dated Madras, 26th February 1878, No. 839.

ADVERTING to your memorandum, No. 929, of the 21st instant, I have the honor to explain as follows the object of the statement of revised allotments referred to.

2. The original revised district allotments for *Construction and Repair* as per G.O., No. 132, dated 15th January 1877, Public Works Department, do not correspond with the sanctioned amounts of appropriations in each district, nor has the subsequent G.O., No. 532 W, dated 4th August 1877, Public Works Department, effected any modification thereof assimilating the former to the latter as necessary. The latter Government Order simply strikes the unappropriated balance (Rupees 5,547) out of the annual Putting and Building Grant of Rupees 60,000 without reference to the *previous district allotments*, amalgamating the lump sum of Rupees 14,000 reserved for incomplete works with those and sanctioning in detail appropriations for these unfinished buildings in different districts. Thus in the books of this department as well as, I believe, in those of the Examiner of Public Works Accounts and District

* *Vide G.O., 15th January 1877, No. 132.* Engineers the original figures* must stand as allotments in the absence of orders of Government sanctioning corresponding transfers indicating the changes.

3. In order to reconcile each district allotment with the total amount of appropriations sanctioned, each item of the latter and over and above the original district grant has to be regarded as a specific *transfer to it*.

4. From comparison of the revised statement of allotments for appropriations, recently submitted with the existing figures as district grants, a marked discrepancy will be noticed. Certain districts appear to have funds to their credit while none whatever are available, all having been already sanctioned for appropriation elsewhere, and in some others much more than their original grants and in the rest less. In three districts only (*viz.*, Jeypore, Nellore, and Nilgiris), the first figures under head "*Construction*" have not been affected by the changes alluded to, and are consequently equal to the amounts of appropriations sanctioned respectively in them.

5. The statement under reference is not wholly composed of transfers actually sanctioned in detail, but has also reference to *others* still requiring sanction as explained above.

6. To obviate the necessity of a multifarious transfer to this figure adjustment between allotments and appropriations in different districts and to obtain a correct and modified list of grants as a basis for future transfers if necessary and for guidance of the officers concerned, the statement of revised grants was submitted for sanction which it appears to require unless Government desire to leave in my hands the distribution of the lump grant of Rupees 60,000, obtaining in the usual course the sanction of Government to each separate estimate.

No. 27. ORDER THEREON, 1st April 1878, No. 1,639 W.

With letter printed in G.O., No. 132, of 15th January 1877, two lists were submitted by the Inspector-General of Police; one showing the proposed works to be carried out in the year 1877-78, amounting to Rupees 31,000, and the other showing the distribution of the allotment of Rupees 15,000 for repairs. The totals of the two statements amounted to Rupees 46,000, leaving a balance of Rupees 14,000 to meet the demand for Incomplete Works of the previous year.

2. As the distribution proposed in the first statement on account of Original Works was only approximate, it was not strictly adhered to in the Provincial Budget of 1877-78, and a balance of Rupees 38,900 was held at the disposal of Government under Reserve—*vide* paragraph 3 of G.O., No. 856, of 14th March 1877.

3. G.O., No. 532 W, of 4th August 1877, appropriated, in detail, the Reserve Balance, all but Rupees 5,547; and since the 4th of August this last mentioned sum has likewise been appropriated. Thus the total Police grant for original works has been duly appropriated in detail under districts, and no further orders are necessary.

4. The repair allotment of Rupees 15,000 has also been distributed in accordance with the recommendation of the Inspector-General of Police.

5. The following statement shows the district allotments as they now stand:—

Districts.	Original Works.	Repairs.
	RS.	RS.
Ganjam	3,681	1,089
Vizagapatam	2,613	1,600
Godavery	886	600
Kistna	1,386	500
Nellore	2,450	555
Cuddapah	3,136	600
Kurnool	2,353	673
Bellary	1,999	1,000

South Canara	237	600
Madura	1,057	800
Tinnevely	1,945	545
Total	46,162	14,713

6. In the case of original works, the amount shown against each district is the aggregate of the separate appropriations for individual works, transfers between which are admissible on due cause being shown. It is not admissible, however, to make a transfer from the total allotment for one district to that of another district.

7. The same restriction does not apply to the case of *Repairs*, the allotments for which are in the lump under each district.

8. It is in contemplation to place at the disposal of the Inspector-General of Police a lump grant for Minor Works also, when the detailed distribution will be entirely in his own hands.

Adverting to your Memo No 929 of the
21st instant, I have the honor to explain as
follows the object of the statement of revised
allotments referred to.

2. The original revised District allotments
for Construction and Repair as per G. O. No 132
dated 15 January 1877 P. W. D. do not correspond
with the sanctioned amounts of appropriations
in each District nor has the subsequent G. O.
No 532 W. dated 4 August 1877 P. W. D. effected
any modification thereof assimilating the former
to the latter as necessary. The latter G. O.
simply strikes the unappropriated balance

(R)

(Rs 5547) out of the annual Mutting and Building Grant of Rs 60,000 without reference to the previous District allotments, amalgamating the lump sum of Rs 14,000 reserved for incomplete works, with those and sanctioning in detail appropriations for these unfinished buildings in different Districts. Thus in the books of this Department as well as, I believe, in those of the Examiner of P.W. Accounts and District Engineers, the original figures must stand as allotments in the absence of orders of Government sanctioning corresponding transfers indicating the changes.

3. In order to reconcile each District allotment with the total amount of appropriations sanctioned, each item of the latter and over and above the original District grant has to be regarded as a specific transfer to it.

4. From comparison of the revised statement of allotments for appropriations, recently submitted with the existing figures as District grants, a marked discrepancy will be noticed. Certain Districts appear to have funds to their credit while none whatever are available all having been already sanctioned for appropriation elsewhere, and in some others much more than their original grants and in the rest less.

In three Districts only (viz. Jubbulpore, Mellore & Nilgiris) the first figures under head "Construction" have not been affected by the changes alluded to and are consequently equal to the amounts of appropriations sanctioned respectively in these.

5. The statement under reference, is not wholly composed of transfers actually sanctioned in detail but has also reference to others still requiring a sanction as explained above.

6. To obviate the necessity of a multifarious transfer to this figure adjustment between allotments and appropriations in different districts and to obtain a correct and modified list of grants as a basis for future transfers if necessary and for guidance of the officers concerned, the statement of revised grants was submitted for sanction which it appears to require unless Government desire to leave in my hands the distribution of the lump grant of Rs 60,000, obtaining in the usual course the sanction of Government to each separate Estimate.

January 1877 two
Ests were submitted
by the Inspector Genl
of Police, one show-
ing the proposed
works to be car-
ried out in the year
1877/78, amounting
to Rs 15000, and the
other showing the
distribution of the
proposed allotment
of Rs 15000 for Repair.
The total of the two
statements amounted
to Rs 15000 leaving
a balance of Rs 14000
to meet the demand
for Unassigned
Works of the previous
year.

As the documents prepared on the

first statement was only approximate. Rs 500 were appropriated in the Provincial Budget of 1877/78 for two Original Works and Rs 1500 were distributed to different districts under repairs. The balance Rupees 3890 was held at the disposal of Govt under Revenue side para 3 of G.O. No 856 of 14th March 1877.

G.O. No 532 of 6th August 1877 appropriated in detail this balance from all but Rs 500, and since the 6th August that, the balance has likewise been appropriated. Thus the total Police grant has been appropriated in detail under districts and no further orders are necessary.

The Report of the District Officer has been distributed to the District Officers.

No. 839 of 26 February/78.

With letter printed in
G.O. No 132 of 15 January 1878
two lists were submitted
by the Inspector General
of Police; one showing the
proposed works to be carried
out in the year 1877-78
amounting to Rs 31,000 and
the other showing the dis-
tribution of the allotment
of Rs 15,000 for Repairs. The
totals of the two statements
amounted to Rs 46,000,
leaving a balance of Rs 11,000
to meet the demand for

R. S.

Incomplete Works of the previous year.

As the distribution proposed in the first statement on account of original works was only approximate, it was not strictly adhered to in the Provincial Budget of 1877-78, and a balance of Rs 38900 was held at the disposal of Government under Reserve vide para. 3 of G.O. No. 836 of 14th March 1877.

G.O. No. 532 N. of 4th August 1877 appropriated, in detail, the Reserve Balance, all but Rs 5547; and since the 4th of August this last mentioned sum has likewise been appropriated. Thus the total Police grant for original works

1639

has been duly appropriated in detail under Districts, and no further orders are necessary.

The Repair allotment of Rs 15,000 has also been distributed in accordance with the recommendation of the Inspector General of Police.

The following statement shows the District Allotments as they now stand.

Districts	Original Works	Repair
Bangam	3361	1059

In the case of original
works, the amount shown
against each District is
the aggregate of the separate
appropriations for individual
works, transfers between
which are admissible on
due cause being shown.

It is not admissible
however to make a trans-
fer from the total allot-
ment for one District to
that of another District.

The same restriction does
not apply to the case of
Repairs the allotments
for which are in the
lump under each District.

It is in contempla-
tion to place at the dis-
posal of the Inspector
