GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

12th January 1878, No. 165 W.

Civil Works.

Read the following paper :—

No. 102. From Major J. O. HASTED, R.E., Superintending Engineer, Kistna, to the Chief Engineer, Public Works Department, dated Camp, Bezvada, 13th December 1877, No. 165.

THE Telegraph Office at Masulipatam having been damaged by the cyclone of 19th May last, a portion of the compound wall being destroyed and the pendal blown away, the Superintendent of Telegraphs requested to have the necessary repairs executed and a verandah substituted for the pendal.

- 1 Plan.
- 1 Estimate.
- 2 Total, return requested when sanctioned.

2. I have executed the repairs from funds at my disposal, and have prepared a plan and estimate, amounting to Rupees 410, for a verandah on the north and south sides of the building. These have been countersigned by the Superintendent of Telegraphs and returned to me, and I have the honor to submit them herewith for the sanction of Government and allotment of funds.

3. The living rooms attached to the office require some protection from the weather, and in the exposed position of the building a pendal is very liable to injury; it will probably prove economical to construct a verandah to correspond with the existing verandah on the east and west sides.

4. It was proposed to add an additional verandah to the east and west sides, but it will be seen that a permanent verandah with the requisite slope would materially interfere with the light and ventilation of the building. The rear of the building is so much sheltered that an ordinary pendal would probably stand well there, and if any additional protection from the glare is needed in front, I should recommend that a temporary pendal roofed with palmyra leaves, which could be renewed at a very small cost, should be erected.

No. 103. ORDER THEREON, 12th January 1878, No. 165 W.

THE plan and estimate of Rupees 390 (as corrected in the Chief Engineer's Office) for adding verandahs on the north and south sides of the Telegraph Office at Masulipatam are sanctioned, and funds are appropriated from the Reserve under Civil Buildings, Telegraph.

2. This sanction has been registered as Imperial No. 97 B of 1877-78.
