GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

4th April 1878, No. 1,700 W.

General
Establishment.

Read the following paper :—

No. 15 E.W.

No. 56.

MEMORANDUM.

IN G.O., 24th November 1875, No. 3,373, certain arrangements for the better management of the technical administrative work of the department were approved, and in pursuance of this object the Deputy Chief Engineer for Irrigation drew up a scale of establishment for this office and a memorandum, dated 16th March 1876, explaining the arrangements which he submitted to Government with his letter, No. 19 W, 23rd March 1876. The late Secretary circulated the papers for consideration and orders in March 1876, and they were returned by the late Honorable R. S. Ellis, on the 9th March 1877, without any remarks.

2. In the mean time the work has gone on increasing, and the office is unable to get through it although for more than two years overtime has been the rule and ordinary office hours a rare exception. It has now come to this that even urgent papers cannot be disposed of for several days, because the files cannot be prepared.

3. Major Scott's proposed revised scale of establishment will need some modification. It does not moreover conform to Chapter I i 10, of the Code recently drawn up, and it may be considered at a future date. For immediate requirements the following additions to the establishment are considered necessary :—
