GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

4th April 1878, No. 1,713 W.

Buildings and Roads.
Military Works.

Read the following paper:—

No. 61. Endorsement of the Secretary to Government, Military Department, dated Fort St. George, 28th March 1878, No. 1,616.

From Colonel R. CADELL, C.B., Inspector-General of Ordnance and Magazines, to the Secretary to Government, Military Department, dated Fort St. George, 26th March 1878, No. G/440.

WITH reference to Order of Government, No. 4,029, dated 13th July 1877, communicating Proceedings of Government, No. 339 W, dated 2nd July 1877, Public Works Department, relative to alterations and improvements required at the Gun Carriage Factory in connection with the 30 and 15 cwt. steam-hammer sheds, and to the estimate then submitted by the District Engineer for the same, which estimate His Grace the Governor in Council deemed out of proportion to the utility of the work to be performed, I have the honor to state for the information of Government that the Superintendent of the Factory reports that the work in question can be executed departmentally at a cost of Rupees 484-12-0 by utilizing deal planking (obtained from old packing cases) and covering the same with galvanized iron sheeting to secure the wood from the possibility of accidental fire.

2. The fresh estimate of the District Engineer for the carrying out of the same work with wooden frames and bamboo matting covered with white wash (preferred to tar from the latter being inflammable) amounts to Rupees 603, but that officer has expressed his general approval of the manner in which the work is proposed to be carried out departmentally, and states that he will be glad if the Superintendent, Gun Carriage Factory, will execute the work. For the requisite sanction I now beg to apply.

REFERRED to the Public Works Department with advertence to the correspondence quoted.

(By Order.)

(Signed) J. MICHAEL, Colonel,
Secy. to Govt. Mily. D.

No. 62. ORDER THEREON, 4th April 1878, No. 1,713 W.

BEFORE sanctioning the estimate, which is much more reasonable than that before submitted, the Government would like to know on how many days in the year work is impeded for want of the work proposed, and whether any article in course of manufacture was ever damaged by the rain beating in.

(True Extract.)

To

The Secretary to Government
Military Department,
Fort Saint George.

Sir,

With reference to Order of Government
No. 4029 dated 13th July 1877, communicating Proceedings
of Government No. 339 of dated 2nd July 1877, Public
Works Department, relative to alterations and improve-
ments required at the Gun Carriage Factory in con-
nection with the 30 and 15 Pwt. Steam Hammer
Sheds, and to the Estimate then submitted by the Dis-
trict Engineer for the same, which estimate His
Grace the Governor in Council deemed out of proportion
to the utility of the work to be performed, I have the
honour to state for the information of Government that the
Superintendent of the Factory reports that the
work in question can be executed departmentally at
a cost of Rupees 484-12-0 by utilizing deal planking
(obtained from old packing cases) and covering the
same with galvanized iron sheeting to secure the
wood from the possibility of accidental fire.

2.- The fresh estimate of the District Engineer
for the carrying of the same work with wooden frames
and bamboo matting covered with white wash (preferred
to tar from the latter being inflammable) amounts to Rupees
608-0-0, but that officer has expressed his general approval

of the manner in which the work is proposed to be
carried out departmentally, and states that he will be
glad if the Superintendent Gun Carriage Factory will
execute the work. For the requisite sanction I now beg
to apply.

I have the honor to be

Sir,

Your most Obedient Servant

Radell Colonel R.A.
Supt. Genl. of Ordnance & Works

Read the following:—

Indorsement of the Atty. Genl. (H.E. No 1416 dated 28 May/79)

Sanction is accorded
to the work being carried
out departmentally in the
manner proposed by the
Inspector General of Pro-
-nance and Magazines.

The work is not
is much more difficult
but has been done in
year is work in fact by
~~that~~ the best of the work
has any article in Mining Magazine
The District Engineer Presiding
The Military Department.
