2. These racks have been entirely omitted in the estimate for the Collector's new cutcherry, sanctioned in G.O., No. 1,249, of 4th May 1875.

3.- The treasury has been moved into the new building, and, as it is very inconvenient, having the cash in one building and the treasury records in the other, I have, at the request of the Collector, authorised the Divisional Officer, Kurnool, to at once commence the two racks required for the treasury room, in anticipation of sanction, as they are urgently needed.

4. A copy of a letter, No. 357, dated 20th instant, from the Collector on the subject is herewith forwarded for your information.

From C. J. KNOX, Esq., Special Assistant Collector in charge, Kurnool, to the District Engineer, Kurnool, dated Kurnool, 19th March 1878, No. 357.

In returning countersigned the estimate for record racks forwarded with your letter, No. 612-3,618, dated 15th instant, I have the honor to state that I think that the two racks required for the treasury room should be commenced at once, in anticipation of sanction, as they are urgently needed.

3. If however you contemplate effecting any alteration in the record room at an early date so as to necessitate the removal of the records, it would be advisable to have the new racks ready on which to place the records.
