Civil Works.

Read the following paper :—

No. 205. Endorsement of the District Engineer, Presidency, dated 30th March 1878, No. 7,439.

From L. R. BURROWS, Esq., Acting President, Municipal Commission, Madras, to the District Engineer, Presidency, dated Madras, 29th March 1878, No. 1,515.

I HAVE the honor in reply to your letter, No. 7,360, dated 27th March 1878, to state that I think the cost of the lamps and posts should be borne by the Junction Canal estimate. But for the bridges the Municipality would not be under any necessity to maintain lights, and it seems a little hard that the cost of erecting the posts, &c., should also be imposed on the Municipality.

2. When Captain Clarke asked for the posts, &c., from the Municipal Stores, I was under the impression that he did so because they were not procurable elsewhere. A good many articles have been supplied of one kind or another, and it was, of course, understood that they would be paid for.

SUBMITTED to the Chief Engineer, Public Works Department, with reference to his memorandum, No. 1,490, dated 25th March 1878.

(Signed) ROSS THOMPSON, Major, R.E.,
District Engineer, Presidency.

No. 206. ORDER THEREON, 20th April 1878, No. 1,905 W.

THE Government are of opinion that the cost of supplying and putting up the lamps should be charged against the Canal, while the Municipality should bear the expense of lighting them.

I am not at all
satisfied that the cost
should be borne by the
Municipal Council. I think
that for the Bridges the
Municipality would not
be under any necessity to maintain
lights &c.

but I think the
action of the Govt. Office
in charge of the
works has accepted
the cost of the lamps
&c. in the first
instance. *See file*

Clear every thing

See to foot Mr. D.

I don't think the Municipal
Council should be charged for
lighting the bridges on the
public roads.

The road this Chapin
is not a public road &
the Govt. have accepted
the charge for lighting
that bridge. *See*
