PUBLIC WORKS DEPARTMENT.

26th April 1878, No. 1,967 W.

General.
Account.

Read the following paper:—

No. 280. Endorsement of the District Engineer, Presidency, dated 27th March 1878, No. 7,370.

From J. N. GRAINGER, Esq., General Superintendent, Public Works Workshops and Stores, to the District Engineer, Presidency, dated Madras, 25th March 1878, No. 1,416.

With reference to G.O., No. 1,065 W, dated 2nd March 1878, and your endorsement thereon, No. 7,049, dated 14th March 1878, I have the honor to state that the causes of excess expenditure over budget grant of Rupees 9,600 (for London stores by Rupees 5,174) up to November 1877, are as follow:—

I. Increased rates over estimated value.

II. Enhanced rate of exchange.

III. Receipt of stores in 1877-78, which were expected in 1876-77. Further, London Stores on account of Public Works Workshops, Rupees 17,150, having been brought in Public Works Store Accounts under head "Provincial," "London Stores," as per Public Works Examiner's No. 30 S.W., dated 6th June 1877, expenditure on account of English Stores under Provincial up to November 1877 amounted to Rupees 31,924. A further sum of Rupees 5,000 nearly will be required to meet the expenditure under tools and plant for 1877-78.

2. I have the honor to request that you will have the goodness to apply to Government for a grant of Rupees 10,000 to meet the present and expected increase before the close of the year on account of "London Stores," "Provincial."

SUBMITTED to the Chief Engineer, Public Works Department, with reference to G.O., No. 1,065 W, dated 2nd March 1878, paragraph 7.

(Signed) ROSS THOMPSON, Major, R.E.,
District Engineer, Presidency.

No. 281. ORDER THEREON, 26th April 1878, No. 1,967 W.

It appears from the statement which accompanied the letter from the Examiner, Public Works Accounts, No. 57 B, dated 22nd March 1878, that while the estimate under Provincial Tools and Plant for the Public Works Store Department was Rupees 16,600, the expenditure on this account up to December last amounted to Rupees 34,414 or Rupees 17,814 in excess of the estimate.

2. The irregularity was brought to notice by the Examiner in his statement of objectionable items; and in paragraph 7 of the orders of the 2nd March 1878, No. 1,065 W, the General Superintendent was called upon to report separately on the subject.

3. Mr. Grainger now points out in his letter of the 25th March 1878, received on the 28th idem, or three days before the expiration of the official year, that no less a sum than Rupees 10,000 will be required "to meet present and expected increase before the close of the year on account of London Stores, Provincial."

4. His Grace the Governor in Council must express his extreme dissatisfaction with the neglect of duty which this tardy application for funds evinces on the part of Mr. Grainger. It was impracticable at the late date on which the application was received to make any appropriation of funds under Provincial. The expenditure will consequently have to appear in the accounts as in excess of the budget grant. The District Engineer will call on Mr. Grainger to explain why he did not apply to Government earlier in the year for funds.

To

I regret that I cannot point out any source of which funds could be provided to meet the charges in question. It was the duty of the Superintendent to have brought the matter under notice, and it is not likely why he failed to do so. This office is the statement of objectionable items as well as in a capitalistic interest government of the municipality.
