GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

29th April 1878, No. 1,983 W.

General.
Account.

Read the following paper :—

No. 297. From T. D. HARRIS, Esq., District Engineer, Ganjam, to the Secretary to Government, Public Works Department, dated Casserboogah, 14th April 1878, No. 5.

In forwarding, herewith, disallowance lists, Nos. 351, 394, and 393 of 1877-78,

1. Disallowance list, No. 351 of 1877-78, District Engineer's Office, for January 1878 ...	rs. A. P.	8 6 0
2. Do. do. No. 394 of do. for February 1878 of the District Engineer's Office ...		16 10 6
3. Do. do. No. 393 of do. for February 1878 of Berhampur Range ...		16 1 0
Total ...		41 1 6

the Examiner of Public Works Accounts having disallowed Rupees 41-1-6, as per details in the margin, being the amount incurred on account of letter coolies in the months of January and February 1878, I have the honor to point out to you that letter coolies were employed for the following reasons :—

(1.) Much unnecessary delay and inconvenience would be caused by using the post only, in fact it cannot be used on all occasions.

(2.) The transmission of heavy packets by post require considerable charges, and as maps, plans, and records are constantly passing between my office and the ranges, as well as all other departments of the district, and in many cases the Department Public Works have to go to places where there are no Post Offices at all.

(3.) The employment of letter coolies is absolutely necessary and far the safest and cheapest mode of transmission, and appears to me to be beneficial. I request you will admit of the charge in question, and for the future the greatest care and economy will be exercised in their employment always.

In G.O., No. 244 W, of 15th January 1878, only permanent charges of Tappal Establishment are not allowed; these are special coolies employed to meet the exigencies of public service.

No. 298. ORDER THEREON, 29th April 1878, No. 1,983 W.

The charge may be specially admitted by the Examiner. The Government rely on the strictest economy being exercised in future.
