GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

3rd May 1878, No. 2,027 W.

General.

Establishment.

Read the following paper :—

No. 23. From W. S. HARRINGTON, Esq., District Engineer, Madura, to the Chief Engineer, Public Works Department, dated Madura, 25th April 1878, No. 32.

With reference to your memorandum, No. 1,547, dated 23th ultimo, I have the honor to state that the Assistant Engineer, Peracolum Sub-Division, in his No. 21, dated 16th instant, to the Executive Engineer, Dindigul Range, reports as follows :—

“That the works of this office have greatly increased on account of the famine and by the damages caused to the irrigation and road works in these two taluqs, which require completion certificates to be made out, bills to be checked; and besides this there are over 200 letters received monthly which, I respectfully beg to say, one writer would never be able to keep the office clear by himself.

“I beg also to state that the late draftsman used to help greatly in the office, but his services have been lately dispensed with, so that now the work will be still heavier in the office. Under these circumstances I again request that the writer's services may be still kept on.”

2. Colonel Law also supports Mr. Montserrat's application. I request that you will be good enough to obtain the sanction of Government for the employment of the temporary writer for a further period of nine months as already asked in my No. 431, dated 24th ultimo.

No. 24. ORDER THEREON, 3rd May 1878, No. 2,027 W.

THE District Engineer may continue to employ the writer till the end of May, when if necessary he must report more clearly than he has now done the grounds on which he advocates the extension of the sanction. By that time it may be expected that the amount of clerical work will have very much diminished.
