GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

8th May 1878, No. 2,076 W.

General.
Establishment.

Read the following paper :—

No. 65. From Captain A. AWDRY, R.E., Acting District Engineer, Coimbatore, to the Chief Engineer, Public Works Department, dated Coimbatore, 29th April 1878, No. 21 C.I.

With reference to your No. 19 T of 18th instant, I have the honor to inform you that the grounds on which I made the application in my No. 3 CI of 9th instant for special sanction of halting allowance to Mr. Shawe at Mettapoliem, are that he has to keep up two ponies and a cart to do his work properly, while it does not take him generally more than $4\frac{1}{2}$ miles from his place of residence; he is put to expense also in having to get supplies from Coimbatore and paying batta to all his servants.

2. Mettapoliem is also a very unhealthy and very hot place as you are aware. I should I believe be perfectly justified in making Mr. Shawe's head-quarters in the more healthy climate of Karamadai (and if I did this there would be no question as to his allowances, for he would have to go daily for his work a distance of over five miles). I do not, however, like to make this arrangement until after trying to obtain the allowances by the more open means of asking for a special permission to be granted to meet the case.

3. I should not apply for this consideration for Mr. Shawe, if it were not that he has worked extremely well, notwithstanding that he was laid up from the effects of the climate.

4. If the boon is granted to Mr. Shawe I hope it may be extended to his Writer, whose family is in Coimbatore and who is consequently put to extra expense.

No. 66. ORDER THEREON, 8th May 1878, No. 2,076 W.

HALTING allowance will be specially passed to Mr. Shawe and his Writer.

With reference to your No. 19 I
of 15th Instant I had the honor to
inform you that the grounds on which
I made the application in my No. 3rd
of 9th Instant for special sanction
of halting allowance to Mr. Shamel
at Batopallium are that he has to
keep up two ponies and a cart to
do his work properly while it does
not take him generally more than
4th miles from his place of residence;
he is put to expense also in having
to get supplies from Coimbatore, and
paying batta to all his servants.

2. Batopallium is also a very
unhealthy and very hot place as you
are aware. I should, I believe be

perfectly justified in making Mr
Shaw's Head Quarters in the more
healthy climate of Haromadai (and
if I did this there would be no
question as to his allowances for
he would have to go daily for his
work a distance of over 5 miles) I
do not however like to make this a
arrangement until trying to obtain
the allowances by the more open means
of asking for a special permission
to be granted he needs the paper.

3. I should not apply for this
consideration for Mr Shaw if it
were not that he has worked 14
months without a day's
rest that he was laid up from the effects
of the climate.

4. If the boon is granted to Mr
Shaw I hope it may be extended
to his wife whose family is in
Constantine and who is consequently
put to great expense.

I have the honor to be
Sir

Your most obedient servant
A. A. Shaw, Captain R.E.
