GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

8th May 1878, No. 2,082 W.

Buildings and Roads.

Civil Works.

Read the following paper:—

No. 75. From the Acting Inspector-General of Police, to the Secretary to Government, Public Works Department, dated Madras, 26th April 1878, No. 1,819.

I HAVE the honor to forward for sanction the accompanying estimate (together with correspondence noted in the margin), amounting to Rupees 242, for the erection by departmental arrangement of rifle butts, &c., for the use of the Police Force at Chetterpore, Bulligada, and Kemedi, Ganjam District.

Letter from the Superintendent of Police, Ganjam, No. 86, dated 2nd April 1878.

Memorandum from the Acting Deputy Inspector-General of Police, Northern Range, No. 235, dated 20th April 1878.

2. The expenditure is necessary, as the men have to be instructed in long range shooting with Snider carbines, and the want of suitable ranges at the above places is very much felt.

3. Should this proposal meet the approval of Government, I beg to suggest that a sum of Rupees 242 be sanctioned as a special case from the "General Reserve" of 1878-79 at the disposal of Government to enable the Superintendent to carry out the work at once during the current official year.

From the Superintendent of Police, Ganjam District, to the Assistant Inspector-General of Police, Madras, dated Chetterpore, 2nd April 1878, No. 86.

I HAVE the honor to submit for favorable consideration and sanction an estimate, amounting to Rupees 241-14-2, for the construction of rifle butts, &c., at this station, Bulligada, and Kemedi.

2. The want of suitable ranges is very much felt, and I shall feel obliged that the estimate may, in the event of sanction, be returned at an early date as convenient.

No. 235.

MEMORANDUM.

With reference to letter No. 86, dated 2nd instant, from the Superintendent of Police, Ganjam, the undersigned has the honor to report that the expenditure seems necessary at least at Chetterpore and Bulligada if the men are to be instructed in long range shooting. At Bulligada there is already a good range cleared and the men of the Reserve can probably do something towards erecting the butts. At Kemedi there are only a few men armed with rifles, and arrangements may perhaps be made for instructing those at Chetterpore.
