With reference to P. W.
G. O. No. 270. W. dated the 19th June

Venkatasappa who is attached to this
office and who is now about 55 years
old, I have the honor to report
that it is extremely advisable that
his services be retained by Govern-
ment. The pay of his post is only
Rs 7. This is a very low salary for
this place considering that every
gardener who has certain perquisites
draws never less than 8 Rupees.
My other lascars are constantly
being changed owing to their dis-
satisfaction at their pay. The post

post filled by Venkatappan is in some respects a responsible one, and it is important that the post should not, after change hands. He has charge of the office cash chest and of all the numerous articles in the office and in the yard.

2. He is a very trustworthy man and his services ought to be retained. He is in every way both physically & mentally well able to discharge his duties.

3. Regarding his age I am not at all certain that the man knows himself when he was born. It is quite possible he may be some years younger than he states he is.

I have the honor to be

Yours,

With reference to G. O. No 27011
dated 19th June 1877, calling for a report
on the desirability or otherwise of retain-
ing on the effective Establishment the
services of certain members of the Depart-
ment who are now over 55 years or who will
attain that age during the year 1877, I
have the honor to report as follows—

1. P. Mankamully, Accountant Dist
Engineers Office. This man attained the
age of 55 on the 29th May last; but ap-
pears to be still strong and healthy,
stronger than many in his age. His
service is 20 years and 5 months including
the periods of his leave. He can, as he
has hitherto done; perform his present
work for some time. I would there-
fore recommend his retention in the
service for one year more, that is up to
May 1878.

II Mr. A. D. Cruz, Writer Dist-
Eng's Office. - This man will attain his
55th year in October next, he is a com-
pensation pensioner, having lost his appoint-
ment in the late Central Office by the
reorganizations of the Department in
1863, his present service amounts to 5 years &
10 months. He is a neat writer, appears
to be still strong and healthy, and in
fact works harder than many in his
age. He can work for some time more,
I would therefore recommend his retention
in the service for one year more from
October next, when he attains his 55th
year.

III Kistner Reddi - Superintendent
of the Conservancy Establishment. - This
man attained his 55 years on the 1st May
last, his service amounts to 20 years and
9 months, but being of the inferior grade
(receiving a pay of only Rs 7) is not entitled
to pension, but only to a gratuity. He
cannot write, but his duties being to watch
the Coleroon Bank he has very little
writing work, which, when required,
gets done by his son. He is, however,
reported to be physically fit for further
active

active service I would recommend his
retention for 3 years from May last
IV Gopauloo, Lascar Conservancy

55 years in April 1863; his service amounts
to 30 years and 2 months, he is reported
to be unable to conduct his duties or

tend therefore dispensing with his services
and applying for his pension, but before
doing so, I have ordered him to appear

that Cascar Chennurupada Pillai & B. Vesa-

their work. I can see therefore no ground
for dismissing them. For the natives of

and I cannot think that either

2. Cascar Venkatasubbar is certainly
over 55, and is not fit for further duty.
3. Cascar Abraham Sahib is said to work

are much younger men. I recommend
that he be retained.
4. Should it be resolved to dispense with

Sir,

With reference to G.O. No 270 W dated
19th June 1877, I have the honor to report
that of the two Lascares employed in the
District alluded to therein by the Examiner

Viz.

1. Shank Jahangher not
Shank Lahager as stated
by the Examiner in the Dist
Accompanying the G.O. -

This man was
employed as a Lascar
in the Kinner
Sub division office
of the Chikar Range

His Service amounts to about 23 years
and 8 months. He is an old man, still
strong

strong enough to perform the ordinary
duties but not fit for the arduous duty of
his post, nor entitled for pecuniary benefit
from State funds as a special Cavalry
Service has been in the States and not
changing kind in Government employ. I
can only recommend him a pecuniary or
gratuity from State funds.

S. D. A. A. A.

He is a man employed under the Governor
in the State of Kentucky (Ranger). He
is an old man evidently. I should say
he must retire as he is not fit for active
service. His service appears to amount
to 17 years 1 month and 21 days. I can only
recommend him a pecuniary or gratuity from
State funds.

I have the honor to add for your information
that one G. P. Poles, a former Lieutenant
in the Division of Buchanan's (Ranger)
who is now 55 years of age and not
retired.

Entered in the above G. O., he will be 56 by
the end of 1877, and he is still able enough
to undergo hard and active service and do
the duties of his post. I therefore recommend
his services being retained for 4 years more
when he will be about 60 years of age and
will have about 25 years service in
Government employ -

J. P. Davidson Esquire
Assistant Engineer

Honored Sir,

Having heard that the District Engineer has decided upon dispensing with my services in consequence of my having attained the age of 55 years, I beg most respectfully to make the following representation for your kind & favorable consideration.

2. I beg to state that I am a very poor man & having always held situations yielding small salaries, I have not been capable of saving any thing for my support & that of my family consisting of a wife & 5 young children.

3. I would have most willingly retired from the service if my son who had completed his education & on whom depended our future support had lived; but he having to our great misfortune met with an untimely death, we are left entirely destitute.

4. I beg to represent most submissively that I am not disqualified for further service which your Honor will come to know on examination of the quantities

& quality of work, I am performing in the office. Although appearances are not much in my favor, I am yet strong enough to serve government for some years more & can do a fair amount of work.

5. It is true that I have a service of upwards of 30 years, but unfortunately having been thrown out of employ in December 1864 in consequence of abolition of the English Establishment of the Principal Sadr Amind Court in North Canara in which I was then employed as a Clerk on Rs 31½ & been subsequently obliged to accept situations of minor emoluments & regained my present post including Rs 100 a month only so recently as on 10th Oct 77. I have not completed 5 years of service in my present post to entitle me, according to the rules, to a moiety of its salary on retirement for which I have to serve only for 18 months more. If permitted to remain in the service for this short period, I shall retire on a pension of Rs 15 a month which will at least enable me & family to subsist without actual starvation.

Enclosed

6 Under the above circumstances, I most earnestly pray your Honor will be so kind as to give my case & to recommend to the District Engineer that I may be allowed to continue in the service until I may be entitled to a moiety of my present salary on retirement, for which act of benevolence, I shall remain,

Assistant Eng^r, I have the honor
to state, that having only recent-
ly joined the District, it is with
considerable diffidence that I
express an opinion, & should not
do so except that the Govt have
called for an early report.

2. Physically F. Smithers is
a hale hearty man, looking young
- es

- or than his years

3. I have seen works executed by Lt. Smithers both in Tinnel Valley & North Arcot, & his work there was good, but I doubt his having the education or training to make a good Range Officer now a days, especially with reference to the care & forethought which have to be given to settlements in the Immigration Department. I have no doubt that as Executive Officer in charge of any large masonry work, Lt. Smithers is still able to render very efficient service.

4. Lt. Smithers tells me that that he is the first for promotion, & should the Govt. consider it advisable that he should retire, I trust that in consideration of his past good service, he may at least be allowed to get his step, & the highest pension attaching to it.

5. Lieut. Smithers' work in the Adoni Taluk during the famine was recently most favorably reported on by Mr. Oldham, the Divisional Officer.

Audinorayudu, Spelt in the printed list as "Antthenarayudu" is a Lascar on Taluk Anuram establishment in Guntur Division. His Divisional Officer reports him as quite fit for further service.

Venadu a Lascar in E. Delta Division, is reported by the Apothecary at Bozama, fit for active duty, and the Divisional Officer Mr. Peters is also of the same opinion.

2. The other Lascar Perantulu of Eastern Delta Division, having been reported as hardly fit for any active duty, an application for gratuity on his behalf, is called for, if he is entitled to it.

3. Delay in replying to this reference is owing to several references

references having to be made on the subject of the identity of two lascars named Audinorayudu.

Read the following paper:—

No 195. From Captam R. R. E. BROCKMAN, R.E., District Engineer, Tanjore,
to the Chief Engineer, Public Works Department, dated Camp, Karuppoor,
8th July 1877, No 1,147.

With reference to G.O., No. 270 W, dated 19th June 1877, I have the honor to
report that Chedambara Iyer has lately been reduced from Rupees 12 to 8 for laziness,
the result of advancing years and growing obesity, and for having on that account
allowed the Government jungles over which he had charge to be robbed in a whole-
sale manner by the villagers of the adjoining villages. Although there is every
reason to suspect connivance, still it would be impossible to bring home the charge.
The preferable plan was therefore adopted of reducing him to a post where he would
have less responsibility. I do not think his services should be retained after he attains
the age of 55.

No 196. ORDER THEREON, 16th July 1877, No. 430 W.

CHEDAMBARA IYER should not be longer retained on the effective list. It is
observed that he is now over 56 years of age.
