Civil Works

Read the following paper —

No 142 From J O SHAUGHNESSY, Esq, District Engineer, Nellore, to the
Chief Engineer, Buildings and Roads, dated Kr stnapatam, 3rd April 1878,
No 28.

In reference to the accompanying copies of correspondence regarding the unsafe
state of the old building called the Range Office at Ongole, I have the honor to
request the sanction of Government for the payment from the 1st December 1877 of
Rupees 5 per month for another building rented as a temporary measure for the use
of the Range Office.

2 The old Range Office is not worth repairing. Its abandonment and the
construction of a new building has been long proposed, and the present seems a fitting
opportunity to have this proposal carried out.

3 I beg therefore to forward for the sanction of Government a site plan and an
estimate for a Range and Overseer's Office combined on the standard plan.

No 143 ORDER THEREON, 13th May 1878, No 2,139 W

The plan and estimate of Rupees 4,600 for constructing a Range and Overseer's
Office at Ongole are sanctioned.

2 No funds are available for the work.

3 The District Engineer is authorised, as a temporary measure, to rent a
building for the use of the Range Office, and the back rent at Rupees 5 a month from
1st December 1877 is sanctioned.

4 This sanction has been registered as Provincial No 22 B. 1878-79

I have the honor to report

improved condition and it is rather
expensive to have to work in it, to all
concerned. The work well is much
out of proportion to the size of the

it and much more, but together
the Roof view is a very decayed

Sir,

With reference to your Memo. of
3036 of 24th June, regarding the Range
Office, I have the honor to report that
there is very suitable ground at the
foot of Ongole Hill, just below Range
Office quarters, which is Government
waste land at any time obtainable
for Government purposes and it will
be very convenient indeed to have
the Office so close proximity to the
Range Office residence.

The history of the present Range
Office as far as can be gathered is that
it was originally a Barracks (place
armourer) for the Sepoy veterans
that it was abandoned some 20

years back, for the Building, situated
 in the Town, at South entrance, which
 was till recently used as the Dispensary.
 That the Public Works Department
 used the building originally as a
 new store room and subsequently
 converted it into a Range Office.

I was informed by an old
 resident of the Town, that the
 Building was not suitable for
 the purpose of a Range Office, but that
 it was with the Government and the
 British by the British, which
 circumstances accounts for its being
 inferior construction.

been long proposed and the present
seems a fitting opportunity to have
this proposal carried out
